

Japan Invokes Fascist Methods; Duce Shows Navy

Tokyo Adopts Movement in
Effort to Crush China's Ris-
ing Power — Hitler Sees
Vast Show at Naples

Drive in Spain

Insurgents Go Off on New Of-
fensive to Widen Gap Be-
tween Red Forces

By the Associated Press
Japan's warmakers today in-
voked part of the Fascist-style
national mobilization law in an
effort to crush the rising power of
China—a power which hourly
threatened to wipe out the second
of Japan's major offensives in
southern Shantung province.

Certain sections of the law were
promulgated today, possibly an
opening wedge for use of the en-
tire measure to draft Japan's
manpower and economic re-
sources.

On the other side of the world,
at Naples, Reichsfuehrer Hitler
showed a vast panorama of
Italian power for naval warfare—
one of four spectacles arranged
by Premier Mussolini to demon-
strate Italy's strength as a partner
in the Rome-Berlin axis.

A gigantic military parade, a
multibattle to show troops in
action and a mammoth aerial
demonstration will follow.

Spokesmen for Italy and Ger-
many, partners with Japan against
international communism, would
not say how close Mussolini and
his guest might come to making
a military alliance, despite the many
months of cooperation between
their general staffs.

The two Fascist dictators thus
far were reported to have talked
only of Hitler's appetite for
colonies, with Hitler doing most
of the talking to explain his
colonial ambitions. Whether the
visit would broach the question
of including Czechoslovakia's
Sudeten Germans in his broadened
realm remained to be seen.

Taken for granted was the
likelihood that a reiteration of
the German-Italian anti-commu-
nism stand with Japan would be
one of the concluding items of
Hitler's week in Italy, ending
next Tuesday.

Chinese Capture Matowchen
The Chinese army today re-
ported capture of Matowchen, a
strategic village in the deadly
battle of the Japanese to reach
the Vital, East-West Lunghai
railway. The capture completed
encirclement of Tancheng, point
of the Japanese salient in south-
eastern Shantung, about 20 miles
from the railway.

In the Spanish civil war, the
insurgents struck at the end and
middle of a curving front from
Tuerel to the Mediterranean sea,
widening the gap between Catalonia
and the rest of government Spain.
Insurgent dispatches said the
government lines were broken in
the center and to the east while
gains on the western flank were
being consolidated.

France, trying to repair do-
mestic fences to remain a first
class power in Europe, announced
"De Facto" stabilization of her
skittish franc at 35.80 to the dol-
lar.

Italy's Navy Performs
Naples, May 5 (AP)—Thunder-
ing guns and churning propellers
broke the calm of the Naples
coast today as Italy's navy went
into a magnificent demonstration
of its prowess in honor of Reichs-
fuehrer Hitler.

A bright sun shone on the fa-
mous Neapolitan shoreline. At
sea were 200 fighting ships of
which hovered squadrons of air-
planes.

In the center of the fleet was
the 22,000-ton battleship Cavour,
carrying Hitler, Premier Mussolini,
King Vittorio Emanuele and
their staffs.

Suddenly, submarines broke the

Chief Wood Plans for Many
Blossom Visitors With
20 Special Policemen

Chief of Police J. Allan Wood
said this morning that the police
department had arranged to
handle the large influx of visitors
and auto traffic during the three
days of the Ulster County Apple
Blossom Festival, and in addition
to the regular police force 20
special policemen would be as-
signed to take care of the special
events that will be staged in
the city, and also to help out in
traffic.

Written instructions have been
posted on the bulletin board in
police headquarters, for the in-
formation of the police whose job
it will be to see that traffic flows
freely through the streets and
that the festival events proceed
without interruption or delay.

Bud Queen Plans Court Levee for Her Coronation Ball

Abram Jansen, of New Paltz,
Will Act as Court Cham-
berlain at Colorful Pre-
sentation Ceremonies

Saturday evening at the mun-
icipal auditorium at 8:30 o'clock
the events built around Corona-
tion Day will be brought to a
rousing climax with the appear-
ance of Miss Jane Ball wearing
her crown as queen of the Apple
Blossom Festival, and her court
of 10 of Ulster's most beautiful
girls, all in full regalia.

Today Raymond Garraghan,
chairman of the Coronation Ball,
announced that one of the features
of the evening would be a court
presentation, with Abram Jansen
of New Paltz, who earlier in the
day will crown Miss Ball at
Modena, as Court Chamberlain.

"It is the desire of the com-
mittee to pay homage at this levee
to those who have slaved to make
the festival a success, and who
have remained constantly in the
background," Mr. Garraghan said.

Will Be Presented.
Those who have worked thus
far will be presented to the Queen
of the May-time Blossoms and from
Mr. Jansen, the representative of
those apple growers who have
made Mid-Hudson history, will re-
ceive a credential of the festival.

This ceremony will mark the
middle period of the queen's rule
over the Coronation Ball and will
follow the program of entertain-
ment to be given by the Paul
Yocan School of Dancing, and the
presentation by 30 girls of the Y.
W. C. A. of a special "Apple Bos-
som Waltz," under the direction
of Miss Ottilia Riccoboni.

Downtown Street Lighting System Nearly Completed

After six months of work the
downtown street lighting system
has been completed and the last
poles and old overhead wires have
been taken down, with the ex-
ception of three poles, which will
be removed as soon as the fire
alarm wires are placed under-
ground.

One of these poles is at the cor-
ner of Hasbrouck avenue and the
Strand, and will be replaced with
ornamental street lighting pole,
and there are still two wooden
poles on lower Broadway, near the
First National Bank, which will
be removed as they are taken down.

Work on installing the new
street lighting system along
Broadway is progressing. The
concrete bases in which the poles
will be placed have been installed
from the Governor Clinton Hotel
to the Broadway railroad crossing,
and work is being started on the
lower half of Broadway.

It is likely that it will take the
Central Gas & Electric Corpora-
tion about a year to remove all
of the old poles and overhead
wiring from along Broadway,
although the new street lighting
system will be in operation long
before the poles and overhead
wiring are removed.

The removal of the overhead
wires and the old poles along
Broadway and the down-
town business section makes the
streets look much wider than they
did with the clutter of wires and
poles.

Inspired Chinese Make Rapid Gains

Shanghai, May 5 (AP)—An in-
spired Chinese army claimed cap-
ture of Matowchen, walled town
four miles northwest of Tancheng,
as continued "rapid progress" was
reported today in crushing the sec-
ond big Japanese offensive in
South Shantung province.

Matowchen was considered by
Chinese commanders the key to
southernmost point of the Japane-
se advance toward the Lung-
hai railway, 15 miles away. Tan-
cheng was encircled and beleag-
uered, Chinese said.

At the same time a sudden at-
tack by General Miao Chen-Lieu's
57th Army was reported to have
driven the Japanese back toward
Antungwei on the Yellow Sea. The
attack relieved the threat of a
Japanese thrust from the north
at Hanchow, seaport terminus of
the Lunghai railway.

Pressure was being increased
on Tancheng by a reinvigorated
army, which qualified foreign ob-
servers on the war front said had
doubled its fighting efficiency and
striking power since it retired, a

Hitler, Mussolini Honor Unknown Soldier

This picture, telephoned from Rome to London, and radioed from there to New York, shows Chancellor Adolf Hitler and Premier Mussolini standing (left to right) in a car, closely attended by motorcycle patrolmen as a great procession moved through cheering throngs toward the tomb of the Unknown Soldier in Rome. Der Fuehrer was the guest extraordinary of Il Duce.

Mother Accuses Her Son of 4 Unsolved Mystery Murders

Relates Gruesome Tale of
Four Killings to "Get
Right With Her
Maker"

Walla Walla, Wash., May 5 (AP)—A 73-year-old mother accused her son of four unsolved mystery murders, prison officials said today, as they arranged to bring the pair together for the first time in 10 years.

Deputy Prosecutor John Scher-
mer of King county said investi-
gators extracted from Mrs. Mary
Blomquist a gruesome tale of
how her son, Earl DeCastro Mayer,
hampered to death James Eugene
Bassett in Seattle 10 years ago,
disemboweled his body and hid it
in scattered, secluded spots.

Unexpectedly Schermer said,
Mrs. Smith wrote State Patrolman
Joe McCauley, who had posed as
a legman, that Mayer previously
had killed two other men and a wo-
man in Montana and Idaho.

The letters named the victims
as Mrs. Ernest La Casse of Butte,
Mont., who vanished in 1923; Ole
Larson of Anaconda, Mont., who
disappeared in 1921, and a man
named Randall whose body was
buried in Stone Quarry in Idaho.

Are in Prison
Both Mrs. Smith and her son
are in prison here, where they
were sent for grand larceny after
the state was unable to prosec-
ute them for Bassett's murder.

The letters said the mother
was sentenced to five to eight
years in prison and was to have
been released Monday. The son
was sentenced to life imprisonment
as a habitual criminal.

Warden James McCauley said
Mrs. Smith admitted writing the
confessions because she "wanted
to get right with her Maker."

The letters said Bassett, a for-
mer naval officer, was lured to
the "little brown house" where
Mayer stayed with his mother on
the pretense they were to buy his
automobile.

Confronted in his cell yester-
day with one of his mother's let-
ters, Mayer showed no emotion.
He said coldly, "She's goofy."

Kept—One Secret
College Park, Md., May 5 (AP)—
Who said women can't keep a
secret? Maryland University co-
eds can. They kept the names of
their May Queen so secret that
the queen herself, Jean Paterson
of Baltimore, didn't know she
had been picked. She arrived for
the coronation yesterday in sports
dress. The pageant was delayed
30 minutes while co-eds scurried
about finding more regal regalia.

humbled and routed rabble, from
the shambles of Chapel in Shang-
hai and from the central govern-
ment capital at Nanking.

While Japanese superiority in
artillery, planes and mechanized
equipment was still a powerful
advantage, observers on the front
said Chinese were adapting their
tactics to minimize their lack of
equipment.

These tactics consisted of night
attacks when the Japanese were
unable to use their supporting
arms effectively in aid of the in-
fantry, and maneuvering of the
Japanese into hand-to-hand com-
bat.

In these close encounters, Chi-
nese used hand grenades and big
swords and made their numerical
superiority count, whereas the
Japanese artillery was useless.

Japanese naval aviation was re-
ported busy with bombing attacks
upon the Lunghai railway and
other important points along the
Canton railway.

Septuplets Born in Cuba, All Are Dead

Havana, May 5 (AP)—Dr.
Roberto Fonseca, director of a
hospital at Bayamo, Oriente
Province, telephoned to Havana
today that a farm woman near
Bayamo had given birth pre-
maturely to seven children, but
none had survived.

He said he had visited the
woman but had not seen the
children, because the midwife
had disposed of them before his
arrival. The birth, he said, oc-
curred Monday, after only three
months gestation.

The woman's name was given
as Rafaela Canova, 30 years
old. She was recovering.

Bayamo is in extreme south-
eastern Cuba, 35 miles inland
from Manzanillo.

Earlier Col. Fulgencio Batista,
chief of the army, on re-
ceipt of reports that septuplets
had been born, had sent an ar-
my physician to the Bayamo
district to investigate.

Film Exhibitors Charge Many Stars Aren't Worth Keep

Hollywood, May 5 (AP)—The
charge by a group of film exhib-
itors that a group of top-flight
motion picture stars aren't worth
their huge-salaried keep stirred
up a hornet's nest in the film city
today.

Screen actors, especially those
whose names were mentioned,
did not comment on the advertise-
ment which touched off the
squabble.

The ad, by the Independent
Theater Owners' Association of
New York, ran in a Hollywood
trade paper. It began:

"We want the Myrna Loy, the
Gary Cooper, the Sonja Henie,
but we want them when we get
value, not when they drive peo-
ple away from the box office."

The advertisement went on to
give capsule criticism of the
drawing powers of various big
movie names, among them Great
Garbo, Katherine Hepburn, Mar-
lene Dietrich, and Kay Francis.

A spokesman for the Artist
Managers' Guild, M. C. Levee,
struck back.

"Contacts are being made for
the purpose of determining
whether or not any legal action
will be taken," he said, "but based
upon the wave of resentment
from other exhibitors throughout
the nation and upon opinions ex-
pressed in responsible circles it is
pretty well concluded now that
the ad in question is the result of
a group of brain-fagged individ-
uals trying to pick a fuss where
none either exists or belongs."

The advertisement asserted that
producers "are now, or soon will
be, concentrating on the making
of good pictures, not merely sur-
rounding a \$5,000-a-week star
with any sort of vehicle."

**Parade Orders Issued
For Local Batteries**

Parade orders for the Apple
Blossom Festival parade Satur-
day morning were issued this
morning by Capt. Charles N.
Behrens, executive officer of the
1st Bu., 156th F. A., to local
units calling Battery A and Head-
quarters Battery to assemble at
the armory at 10 a. m. Saturday.

**Commissioner Osborne Goes
On Air Tonight for Bud Felo**

Tonight at 6:45 o'clock over
Station WGR, Schenectady, Con-
servative Commissioner Lithgow
Osborne will go on the air with
the Empire State Traveler to dis-
cuss the Catskill region and the
Ulster County Apple Blossom
Festival.

This is part of the state's en-
deavor to further interest in the
various sections. It will be heard
by many persons beyond the con-
fines of New York state.

Douglas Aircraft Rebels at Decision Of Labor Board

Refuse to Reinstate 27 Work-
ers Until Highest Court
so Orders—Others
Complain

Washington, May 5 (AP)—The
National Labor Relations Board,
already tussling with three major
court cases, encountered another
one today in which a CIO all-down
strike was an issue.

The Douglas Aircraft Company,
rebelling against an order to rein-
state 27 sit-down strikers, and
gave them a year's back pay, ad-
ded its protests to those made by
the Ford Motor Company, Inland
Steel, and Republic Steel.

Donald W. Douglas, company
president, who asked the Federal
Circuit Court of Appeals at San
Francisco to set aside the board's
ruling, declared:

"With utter disregard of the
evidence before it, the board
ruled, among other things, that we
take back with full pay men who
last year brazenly seized our
plant, destroyed our property and
threatened to demolish costly
government projects and equip-
ment."

"I can not and will not take the
responsibility of reinstating to re-
sponsible positions such men un-
less and until the highest tri-
bunals in the land have reviewed
and affirmed the board's finding."

Board Is Silent.
Busy with its other court
troubles, the board kept silent
in the face of criticism from
several sources against its ad-
ministration of the Wagner Labor
Act.

George H. Davis, president of
the United States Chamber of
Commerce, said today he believed
the board's "one-sided attitude"
should be changed.

The National Association of
Manufacturers, the American Fed-
eration of Labor, the CIO, Senator
Vanderberg (R-Mich.) and Repre-
sentative Hoffman (R-Mich.) are
among those who recently have
voiced criticism of the labor board
or the Wagner Act on various
scores.

The A. F. of L. has charged
that the board is consistently pro-
CIO. The CIO itself has objected
to certain rulings, and most of
the other critics have complained
that employer rights are ignored
and strikes are encouraged.

In the courts, the board now
may lose any chance it ever had to
withdraw the Ford and Republic
cases. The board wished to with-
draw them after the Supreme
court decided both sides should
have an opportunity to examine
and challenge findings of fact be-
fore they were made a part of a
decision by a quasi-judicial body.

In view of this ruling, the
board asked the Philadelphia
Circuit court last Saturday to de-
lay a decision on Republican
Steel's petition for an injunction
to restrain enforcement. The
board wanted to request permis-
sion to withdraw the enforcement
petition pending further pro-
cedure.

The court, however, disregarded
the board's request and issued the
injunction.

Decrease in Receipts
Albany, N. Y., May 5 (AP)—The
state department has reported a
decrease in receipts of \$248,227
caused by curtailment in forma-
tion of stock corporations during
the late months of 1937. Secretary
of State Edward J. Flynn said the
total income from the various de-
partmental divisions was \$2,444,
616 as compared to \$2,692,844
the previous year.

Shell Refinery Burns
Edwardsville, Ill., May 5 (AP)—
A spectacular oil refinery fire
caused damage estimated by Shell
Petroleum Corporation officials at
between \$500,000 and \$1,000,
000 before it was extinguished
early today. The blaze destroyed
the compounding plant at Shell's
Roxana refinery.

Republican Rift at Albany Becomes More Acute Today

"Aggressive" Element Begins
Drive to Scuttle Proposals
to Write New Deal
Ideas Into Constitution

Albany, N. Y., May 5 (AP)—
Discord among Republican lead-
ers of the constitutional conven-
tion became more acute today as
an "aggressive" element initiated
a drive to scuttle proposals de-
signed to write New Deal philo-
sophies into New York's argu-
ment law.

This was the result of Dele-
gate James I. Dowsey's statement
yesterday, the first from Republi-
cans against Rooseveltian poli-
cies since the convocation opened,
denouncing U. S. Senator Robert
F. Wagner's proposed amend-
ment to spur low-cost housing
projects as "typical of New Deal
disregard for the men who
pay the bills."

Dowsey is an ally of Nassau
County Republican Chairman J.
Russell Spangue, who gained
prominence in the unsuccessful
1936 campaign to win the gubern-
atorial election for former Su-
preme Court Justice William F.
Bleakley. The latter, first vice
president of the convention, al-
ready has openly disagreed with
some of his party's convention
policies.

Without Crane's Knowledge.
The Nassau county delegate's
assertion was made, Republican
delegates admitted privately,
without knowledge of Republican
President Frederick E. Crane and
Republican Floor Leader Percy
A. Fletcher, who thus far have
maintained a "hands off" attitude
in regard to proposals offered by
the New Deal wing.

"This is just the beginning of
attacks against all attempts to
promote New Deal policies," one
Republican delegate said. "Re-
gardless of what the majority of
leaders say, we are going right
ahead and turn thumbs down on
such proposals."

Bankrupt Municipalities.
Dowsey contended that Wagne-
r's amendment to authorize
state housing loans and to permit
cities, counties and towns to es-
tablish individual housing author-
ities would bankrupt municipali-
ties.

"I can not and will not take the
responsibility of reinstating to re-
sponsible positions such men un-
less and until the highest tri-
bunals in the land have reviewed
and affirmed the board's finding."

**Boy Pleads Guilty
As Drunken Driver;
License Revoked**

Ethelbert Van Kleeck, 18, of
Woodstock, was arrested Wednes-
day afternoon by Officer Schoon-
maker, who charged the youth
with operating an automobile on
Broadway while in an intoxicated
condition.

This morning in police court
the youth pleaded guilty to the
charge.

Judge Matthew V. Cahill im-
posed a fine of \$50, and revoked
Van Kleeck's operator's license,
who now has a job in Kingston,
and Thomas Glen, 58, of Albany,
was placed on probation on charges
of pandering.

This morning in police court
both pleaded guilty. Judge Cahill
gave Glen an opportunity to
leave the city, and made a bar-
gain with Casey that if he did
not appear in police court again
this summer that a sentence of 30
days in jail would be suspended,
with the provision that if he was
arrested again the suspended sen-
tence would be placed in opera-
tion.

Wage-Hour Sponsors Seek Floor Vote
Washington, May 5 (AP)—House
sponsors of wage-hour legisla-
tion, claiming 200 pledged support-
ers, tried vigorously today to persuade
175 more members—enough for a
majority—to sign a petition forc-
ing the controversial bill onto the
floor.

The proponents dispatched tel-
egram to absentees urging them
to return at once and sign the ap-
peal, designed to wrest the meas-
ure from the House rules com-
mittee. That group refused last
week to give it right-of-way.

Among the 200 pledges, the
sponsors said, were about 25 Re-
publicans.

Foes of the legislation, on the
other hand, said enough signa-
tures would not be forthcoming
and the measure therefore would
be dead for this session.

If the 218 signatures can be
obtained shortly after circulation
of the petition begins tomorrow,
the House can debate the revised

LeRoy W. Leonard Given Opportunity To Restore Money

Ulster County Retail Gasoline
Dealers Charge Misappro-
priation of About \$70—
60 Days to Make Good

Alleging that he misappropri-
ated about \$70 of funds belong-
ing to the Ulster County Retail
Gasoline Dealers Association, Le-
Roy W. Leonard, 37, of Wood-
stock, was arrested at the Hotel
Stuyvesant Wednesday by Of-
ficer Fallon and Burns, and lodged
in the county jail awaiting a hear-
ing today before City Judge Mat-
thew V. Cahill.

The charge
against Leonard was made by
Agnew Van Gelder, president of
the county association. Judge
Cahill suspended imposition of
any sentence for a period of 60
days to give Leonard an oppor-
tunity to make restitution.

Leonard was charged in the
warrant with petit larceny and
his bail was set at \$250. After
his arrest he claimed to be con-
fused with the A. F. of L., but
when word was sent to the federa-
tion council asking for local
counsel and bail, both were re-
fused and Leonard remained in
jail over night.

About a year ago Leonard
came to Ulster county and formed
an organization among gasoline
station operators in an effort to
peg the price of gasoline, it being
claimed at the time that many of
the station operators were cutting
prices or giving discounts. Leon-
ard was elected treasurer of the
local organization. The specific
charge against Leonard under
which he was held was that cov-
ering a period of some time he
had taken about \$70 of the as-
sociation's funds.

Since beginning operations in
Ulster county Leonard has also
been operating in the western part
of the state. In Onondaga coun-
ty, where he has been forming an
organization among the station
workers recently, his activities
have been under investigation by
the Onondaga Retail Petroleum
Dealers' Association, Inc., an or-
ganization of dealers.

Advices from other sections of
the state indicate that investiga-
tion of association affairs are un-
der way.

Two-Ton Display Arrives at New York State Armory This Morning; to Be on View for Three Days

Exhibition Free

Display Gives Comprehensive
Picture of Vastness of 1939
World's Fair

To the Apple Blossom Festival
and Kingston goes the honor of
staging a preview of miniature
display material for the New York
World's Fair. No admission will
be charged to the exhibit or any
events at the armory during the
fete.

The display, which was made
in Chicago and shipped to New
York, arrived at the state armory
in Kingston this morning in the
original packages, the total ship-
ment weighing two tons or
more.

Workmen get busy at once un-
packing the display and putting it
in position in the ball room at
the armory, where the opening
program in connection with the
Apple Blossom Festival will be
held Friday at 2 p. m. Grover
Whalen, head of the World Fair
organization, to be the speaker of
the day.

Display Ready.
The display was set up under
the direction of Howard A.
Lewis, who has been one of the
active movers in the festival, and
Albert Knudt and Edmund R.
Hoyer, of the executive commit-
tee of the festival.

It will remain at the armory
during the three days of the cele-
bration, where it may be viewed
by the public. The large model
of the old Stockade at Kingston,
made by the Boy Scouts of Port
Jervis, also will be shown at the
armory during the celebration.

Dramatizes Work.
The idea of the display set up
this morning and which will be
seen for the first time by people
of Ulster and visitors to this sec-
tion during the festival, is intend-
ed to dramatize the work being
done on Flushing meadows, the
site of the coming fair.

LIGHT TANKS BEST, SAY ARMY EXPERTS

Infantryman Still Supreme, Strategists Agree.

Washington.—Operation of tanks in the Chinese and Spanish wars has shown that one of their greatest contributions is to crush enemy lines after two powerful forces are slatted, army tacticians here agree.

Observation of tank activities in these two conflicts has demonstrated that the tanks "cannot win wars by themselves," but are valuable as auxiliaries to man power, military experts said.

These two wars have served as "testing grounds" for tanks and have brought out certain weaknesses both in use and construction which military strategists and engineers are striving to correct.

Infantry Still Supreme. They have disproved, some army observers believe, the contention of tank "enthusiasts" that future armies would be completely mechanized. War reports have shown, they assert, that the bulk of the fighting, particularly in a drive to gain territory, must be carried on by the infantryman.

The present trend, army officials believe, is toward lighter, smaller and faster tanks, such as the German and Italian types. The Japanese are said to be using light tanks in major Chinese operations.

These light models are believed to be capable of speeds up to 50 miles an hour over rough terrain.

Virtually all of the 400 tanks in the United States army are of the "light" variety, weighing between eight and nine tons and usually accommodating four men. They carry guns of 30 and 50 caliber, although some also are equipped with 37-millimeter guns.

Army officials say these models are "very efficient" and believe them to be as good or better than those used by other countries.

The medium sized tank, weighing 15 or 16 tons, is not favored as much in this country as the smaller tank. It is more heavily armed but is slower.

Fortress Tanks in Doubt. It is reported that some countries are experimenting with a still heavier type of tank—a "mobile fortress." Army officials, although interested in any developments along this line, are said to be skeptical of such a weapon's value.

The United States has fewer tanks in proportion to the rest of its military strength than most other major powers, army officials believe, but they contend this country's high industrial development could assure speedy production in a crisis.

They also point out that it probably would be wasteful to produce large quantities of tanks at present because of the rapid obsolescence of such a comparatively new war weapon.

Officials also have been watching closely the developments of anti-tank weapons. These include three-inch guns to be used in direct fire against tanks and a rapid-firing weapon to pierce the tank's heavy armor.

Giant Sequoia Memorial to General Robert E. Lee

Washington.—The policy of the Department of the Interior to preserve natural resources and famous landmarks from destruction has resulted in the dedication of an imposing living memorial to Gen. Robert E. Lee.

Although contrary to the department's usual procedure to add further to the list of names which in times past have been conferred upon trees and other natural features of national parks, Secretary of the Interior Harold L. Ickes recently made a notable exception to this ruling by granting the United Daughters of the Confederacy permission to name one of the sequoias in Sequoia National park for the great southern leader.

Being as nearly perfect a specimen from base to crown as could be located in the reservation, the Gen. Robert E. Lee tree is one of the few giants without fire scars within the area. It is within one-quarter of a mile of other venerable monarchs of the forest that bear the name of Abraham Lincoln, William McKinley, and Chief Sequoia.

Wind Has Deadly Effect on Trees, Tests Prove

St. Louis.—The Missouri botanical garden, in an experiment to determine the effect of excessive wind on the growth of trees, set up a movie wind machine to blow upon a 15-foot American linden.

Although the machine was operated only six hours each day and produced a breeze of an average speed of about 17 miles an hour, the experiment had to be called off after three weeks due to loss of moisture in the trees. The tree recovered.

Passing of Rail Fence in Ozarks Is Predicted

Salem, Mo.—Another decade will see the passing of a characteristic Ozarks landmark—the rail fence, farmers in south Missouri believe. Barbed-wire fences and a scarcity of oak timber are held responsible for the failure of Ozark farmers to construct and repair picturesque rail fences.

After 45 Years

Williamport, Pa., May 5 (AP)—Forty-five years after John Laursen, 88-year-old Muncy resident, was wounded in a hunting accident, physicians found a piece of shot in his hip. An X-ray disclosed the object—existence of which was unknown to Laursen—when he went to a hospital with a fractured hip.

Declares Mistrial.

New York, May 5 (AP)—Federal Judge Murray Hulbert today declared a mistrial in the prosecution of 25 alleged members of an international narcotics syndicate. The judge, who engaged in a heated argument late yesterday with a defense lawyer, ordered a new jury seated "in the interests of fair play." The lawyer, Col. Lewis Landis, was fined \$50 on a contempt charge when he objected repeatedly to remarks by the court and insisted on a mistrial.

Seeds for Relief Gardens Coming

The welfare department of the city announced today that the relief garden project would again operate this year, and that those who desire seed for their municipal or home gardens may obtain the same at the commissary any day next week.

The municipal gardens this year will be located as usual on Fair street extension, and Friday and Saturday of next week garden sites will be assigned to those who wish them.

WITTENBERG
Wittenberg, May 5.—Mr. and Mrs. J. Rothwell, of Lynbrook, L. I., have returned to their cottage here.

The W. W. Society met at the home of Mrs. Wilson Gardner on Wednesday afternoon. The next meeting on June 1 will be at the home of Mrs. Anna Anderson.

Mr. and Mrs. Lloyd Wilson, of Kingston, were week-end guests of Mrs. Anna Anderson.

Mr. and Mrs. Harold Clum entertained guests from Mt. Vernon for a few days.

The school meeting of District No. 4, town of Woodstock, was held May 3, and the following officers elected: James A. Shultz, trustee; Floyd Stone, collector, and Mrs. J. A. Shultz, clerk.

Miss Carol Meister is spending a few days with friends in Belaire, L. I.

The annual fair of the W. W. Society will be held on July 29, afternoon and evening.

Asbury Grange
A dance will be held Friday, May 6, at Asbury Grange. Round and square dancing will be enjoyed with music by hillbillies. On May 14 a chicken supper will be served.

Woodstock Dance Contest Will See Variety of Types

Woodstock, May 5.—The best talent that Ulster county can produce will be seen at the Maverick Theatre, near Woodstock, on Saturday afternoon, May 7, when the county's first annual folk dance championship contest will be held under the auspices of the Woodstock Winter Sports Association as part of the Apple Blossom festival activities.

Dancers, callers and musicians will be garbed in period costumes and the first team will be introduced to the judges and audience promptly at 2:30 o'clock by the master of ceremonies, John Hurt, of Woodstock.

The order of appearance was settled by the drawing of lots, the Rev. Harvey I. Todd of the Reformed Church, Woodstock, making the drawings. As he drew the numbers the order of appearance was decided as Wittenberg Sportsmen's Club, Stone Ridge Grange, Wheel Inn, Irvington Inn and Woodstock Cheats and Swings.

After three teams have competed and prior to the intermission a group of dancers representing the Community Center of Cornwall-on-Hudson, led by Adrian L. Hull, will dance the Kentucky running set, a type of square dance native to the Appalachian section of this country. The early settlers who came over from England to the mountain districts of Kentucky, Tennessee and North Carolina brought with them their folk tunes and dances. They did their dancing figures to a running step and filled in between the figures of the dance with under movements.

Following the intermission the remaining teams in the contest will dance and while the judges are pondering their decision the Cheats and Swings of Woodstock will give an exhibition of the Firemen's Dance. Participating in this will be Alfred Van Eiten, Margaret Egan, Mr. and Mrs. Elwood Reynolds, Irwin Arit, Frances Reynolds, Antonio and Patricia Rose, Petrucci, Towar Bogart, Mrs. Irwin Greenwood, David Anderson, Ernie Long, Billy Ewya, Doris Dock, Dyrus Cook, Bob Hawthorne, Craig Vosburgh, Gladys Wolsen, Carson Hutchins, Leo Lapo, Robert Howland, Mrs. Peter Hill, Philip Viviano and Miss Jane Kennedy.

The judges have consented to pass upon the merits of the competitors. They include: Alexander G. Gifford, formerly of the Imperial Russian Ballet and Metropolitan Opera House, Peace Justice Daniel Lynch of Zena, James McMillan, Ray Wagner and Martin de Daniel. They will render decisions on (a) the best group dancing (b) the best music and (c) most effective group costumes. They will give first and second in dancing and first only in costumes and music, four awards in all.

Each team will dance three figures. Should two or more tie the judges may request these teams to dance off the tie.

Personalities of the competing teams is as follows: Wittenberg Sportsmen's Club Dancers: L. Short, David Van Do Bogart, Roger Elting, William Spanake, Jr., Charlotte Van Do Bogart, Mrs. Lillis Norton, Mrs. David Van Do Bogart, Mrs. Luther Bonesteel. Orchestra: Judson Haynes, Albert Phillips, William Spanake, Sr., Callie Benjamin DeGraff.

Stone Ridge Grange Dancers: Mr. and Mrs. Isaac Graham, Mr. and Mrs. Earl Christians, Miss Emma Scarpatti, Fred Wilkow, Mr. and Mrs. Lester Roosa. Orchestra, Rose and Cottingham Callier, Fred Traphagen.

Wheel Inn Dancers: Glenn Myers, Charles Shader, Edward Snyder, Harrison Rose, Claire Wegbauer, Lucy Situation, May Bush, Gladys Whitaker. Orchestra: Sanford O'Brien, Sidney Smith, Stella Toy, Callie Sanford O'Brien.

Irvington Inn Dancers: Edgar Myers, Willis Wilber, Everett Wells, George Albert Rieseley, Mrs. John Stowell, Mrs. Hazel Park, Margaret Cardone, Mrs. A. G. Rieseley. Orchestra: Catskill Mountaineers, L. V. Allen, William Pardee, Michael Amatoello, Cheats and Swings. Dancers: Alfred Van Eiten, Margaret Longyear, Mr. and Mrs. Elwood Reynolds, Irwin Arit, Frances Reynolds, Antonio and Rye Petrucci, Orchestra, Percy Hill, Walter Shults, Richard Gray, William Allen, Michael Petrucci, Callier, Percy Hill.

Taj Mahal, Architectural Wonder. The Taj Mahal, architectural wonder of the ages, was inspired by the death of Mumtaz-Mahal, the beloved of Shah Jehan. But as Arjumand Banu, she almost died in infancy, abandoned by her father in his flight from Teheran into India. A barren, she was left by the side of the road by her father, Asaf Khan, as water became scarce. Rescued by a woman, she was taken to her father's stepmother, who took her up, unharmed.

GOVERNOR'S DAUGHTER GUARDED

Unaware of kidnap threat made recently, 6-year-old Nancy Hurley, daughter of Massachusetts governor, had a great time with State Trooper George Fielding, who was assigned to guard her. They are shown in the driveway of the Hurley home in Boston just after little Nancy had beaten Fielding at a game of marbles.

Fourth Degree Kof.C. Communion

Kingston Assembly, Fourth Degree, Knights of Columbus, will hold their annual communion breakfast on Sunday, Mother's Day, May 8, at the Kirkland Hotel.

Preceding the breakfast the members of the assembly will attend the 8 o'clock Mass in St. Peter's Church and receive the Sacrament of Holy Eucharist.

During the Mass, Prof. Arthur Bellet, the organist of the church will render appropriate musical selections and will be assisted by William J. Rabe as soloist. The speakers at the breakfast will be the Rev. Henry E. Herde, from faithful frat of Kingston Assembly and Patrick C. Murphy, Master of the Third New York District, Calvert Province, Faithful Navigator. Walter L. Foster will preside. Reservations for the breakfast must be in the possession of the committee under the chairmanship of Andrew T. Gilday, faithful captain, assisted by Allen A. Baker, faithful controller and St. Knights Thomas L. Cloonan and Chris J. Perry by Friday noon May 6. Members requesting reservations are asked to call the K of C Home before the deadline set.

PORT EWEN

Port Ewen, May 5.—A meeting of the official board and Priscilla Society will be held at the home of Mr. and Mrs. H. C. Jump at 7:30 o'clock this evening.

The Priscilla Society enjoyed a pot luck supper in the M. L. Church house Tuesday evening.

At the close of the business meeting which followed the supper the president of the society, Mrs. Charles Zimmerman, in behalf of the members, presented an end table to the Rev. and Mrs. J. Thoburn Legg. Ice cream and cake were served and a social hour enjoyed. Mr. and Mrs. Legg moved to Newburgh today.

The Ever Ready Club will be entertained at the home of Mrs. Charles Zimmerman Monday evening, May 9.

BACKACHE, LEG PAINS MAY BE DANGER SIGN Of Tired Kidneys—How To Get Happy Relief

If backache and leg pains are making you miserable, don't just complain and do nothing about them. Nature may be warning you that your kidneys need attention.

The kidneys are Nature's chief way of taking excess acids and poisonous waste out of the blood. Most people pass about 2 pints a day or about 3 pounds of waste.

If the 15 miles of kidney tubes and filters don't work well, poisonous waste matter stays in the blood. These poisons may start nagging backaches, rheumatic pains, leg pains, loss of pep and energy, getting up twice a night, puffiness under the eyes, headaches and dizziness.

Don't wait. Ask your druggist for Doan's Pills, used successfully by millions for over 40 years. They give happy relief and will help the 15 miles of kidney tubes flush out poisonous waste from the blood. Get Doan's Pills.

Neher Is Elected Woodstock School Trustee Tuesday

Woodstock, May 5.—At a meeting of the Woodstock school district number 2 held in the M. E. hall, May 3, Clark Neher was elected as trustee for three years to replace Carl Eric Lindin who is retiring at the expiration of his three-year term. With the retirement of Mr. Lindin, the senior trustee now becomes Aaron Hasbrouck, whose term of office expires next year. The third trustee, in office for two more years is W. S. Elwyn.

Other elections at the meeting were the re-election of Dyrus Cook as clerk, and Mary Myer as collector. Auditors for the coming year will be Walter Hastie, Adelbert Wanzler and R. J. Lapo, appointed by the chairman of the meeting, Martin Comeau.

For the first time in more than 10 years the meeting was conducted without the chairmanship of Henry Popper, who has served long and faithfully in that capacity. It was Mr. Popper's wish this year to turn the office over to a younger person.

Trustees' Report.

The trustees report and proposed budget for 1937-1938 were read by Mr. Lindin. Particularly interesting is the fact that final payments have been made on money borrowed several years ago when school funds were low. This now brings the money necessary for Woodstock to raise only \$9,000, which is two thousand less than the \$11,000 requested last year.

The report of the collector was given by Mrs. Mary Myer, and the report of the auditors given by the chairman, George Riseley. The trustees report was as follows:

May 4, 1937 to May 3, 1938	
Receipts	
Balance in bank on May 4, 1937	\$ 292.54
Taxes	9,063.78
County treasurer for unpaid taxes less commission and interest	1,710.91
State aid	2,884.21
State aid	1,947.41
Contributions	50.00
Examination fees	5.00
Vote	150.00
Total	\$16,103.85
Disbursements	
Salaries	\$ 6,682.00
Motor service	475.00
Transportation for high school	2,075.60
Transportation for high school	1,351.00
Electricity	43.36
Apples	299.31
Chairs	597.95
Books	170.55
Notes	27.18
Interest	48.85
Census	35.00
Health officer	51.50
Insurance	13.50
Post	38.20
Miscellaneous	8.56
Balance	\$14,409.80
Total	\$16,103.85

Next year's proposed budget for which \$9,000 was voted at the meeting is brought to a total of about \$12,000.

Resignation Speech.

In tendering his resignation Mr. Lindin spoke as follows: "Having served my term as trustee for the last three years I am now retiring at the end of the school year, and I want to thank you all for the honor of this commission. I also want to thank my fellow trustees for their kind help and cooperation and Mrs. Mary C. Myer for her efficient performance as tax collector. It is a pleasant job at its best and I would like to remind you that the collector is not responsible for the assessments of the school district. If you want to shoot the trustees, let it be the trustees. But if you have a little time to think over matters, you may arrive at a conclusion that it is you as much as the trustees, to do it, that your school is in working condition during the term the relations between the teachers and trustees have been most friendly and we have tried to do our best for the school."

30,000,000 Words Tell of A. E. F. in World War

Washington.—It will take from 30,000,000 to 40,000,000 words, not to mention many maps and sketches, to tell the story of the American Expeditionary Forces in the World War. Army historians, 20 years afterward, are still working on the records of our units overseas in 1917 and 1918.

Large as the total output of their efforts will be, it will fall short of the number of words in the operations volumes of the Civil War, which contain about 70,000,000 words. Publication of the Civil War records was not completed until 1902.

From the millions of A. E. F. records on file in the archives of the adjutant general, about 200,000 have been selected as having some permanent historical value.

The final evaluation and cataloging of these papers is now going forward. Each officer of the historical section of the War college is assigned to one or more divisions. It takes him about one year to review the operations papers of a combat division.

After his work has been completed for all A. E. F. units, it will be possible to extract from the papers those dealing with any particular military operation, such as the campaign at St. Mihiel. These will be supplemented by the pertinent papers of the British or French headquarters, and by an examination of the official records of German army units.

children in whatever way it seemed possible, but I must confess that I had hoped we might be able to do more. Our attempt at centralization failed, so we are back again where we started, but the problem has changed somewhat. I think that over our opponents would admit that we had the welfare of the whole district in mind and that our plans and figures were correct. The federal grant for \$101,250 also was there. However, all that is his- haps compromise a little with your side, your prejudice and your politics. As a matter of principle the school should have nothing to do with politics. When you come to the end of the road, as you all must some day, there is only one thing that you can take along with you, and that is the knowledge that you have given your children a good start in life. At the end of the meeting the matter of police levy on the school grounds was brought up, as at the routine voting of permission to the trustees to contract to send high school pupils to Kingston High School, and for their transportation. As was voted last year it was voted that a school meeting may be held by posting five notices in conspicuous places.

MODENA

Modena, May 5.—The Men's Club of Modena will meet Friday evening, May 6, in the Hasbrouck Memorial Hall, when softball will be played.

Plans are complete for the luncheon to be served Saturday, May 7, from 12 noon, until 2 o'clock, by the ladies of the Modena Methodist Church. The luncheon will be served near the site selected for the crowning of the Queen of the Apple Blossom Festival.

Union services will be conducted at New Paltz Sunday, in connection with the observance of the Apple Blossom pageant, with congregations of churches of New Paltz, Modena, Gardiner and Clintonville participating. Sunday school will be conducted in the local church at the usual time.

Miss Margaret Cook, leader of the Modena Girls 4-H Club, and several members attended the

County Homemaking Demonstration, Saturday, April 30, at Rosendale Grange Hall. The club was represented by Ruth Arnold in demonstrating the baking of sponge cake, and by Jean Arnold in sewing. Blue, red and green ribbons were awarded to the best demonstrators. Ruth and Jean were presented with red ribbons, denoting very good work in their projects.

Local members of the Plattekill Grange attended the two nights showing of the play, "Pop Goes the Weasel," at the Grange Hall on Friday and Saturday evening. The cast of characters included Mrs. Burton Ward, Beatrice Ward and Eldred Smith.

The Mid-Hudson Philatelic Club met at Miss Florence Morrissey's home, Walden, Tuesday evening.

Mr. and Mrs. Eber Smith were in Newburgh Monday. Mrs. Harry Gerow, New Paltz, called on relatives Monday.

Ralph Dewey, Tillson, was a business caller Tuesday. Mrs. Lester Wager, Lester Wager, Jr., and Miss Glennie Wager were in Kingston Tuesday.

Mr. and Mrs. Myron Shultis were in Kingston Tuesday. Mr. and Mrs. Roy Crosswell and children, Highland, were callers in town Tuesday evening.

Kerhonkson Union School Activities

Kerhonkson, May 4.—Tuberculin tests were administered Monday to 49 high school pupils. Pupils who show positive reactions will be examined further at the Kingston clinic.

The Board of Education is having the interior of the school building painted. The upper hall and five high school classrooms have been completed. The board plans to complete the painting of the entire building during the summer months.

At its last meeting, the Board of Education authorized the purchase of a new type diploma. This will be enclosed in a leather case and will contain the pupil's entire high school record.

Letters have been sent to trustees who send their high school pupils to Kerhonkson calling attention to the fact that many students are being deprived of participating in evening activities. It has been suggested that trustees include in the transportation contract the provision that boys and girls of high school age be transported to eight evening activities during the year. These young people should have the opportunity of attending plays, parties, and basketball games as well as those who live in the village. Seventy per cent of the high school pupils of the Kerhonkson Union School are non-residents.

The P. T. A. banner which is awarded to the room having the greatest number of parents on the P. T. A. membership rolls was given to Mr. Chipp's room for the month of April. Forty-seven per cent of the parents belong to the organization.

Nominations were made last Friday for Student Association officers. Those nominated were: President, Julius Feinberg; Bill Decker; Irving Braunstein; Horace Sheldon; vice president: Mildred Cohen; Carolyn White; Leo Greenfield; Bill Atkins; secretary: Harold Black; Mary

Welgele, Shirley Hedden; treasurer: Mildred Major, Sam Terwilliger, Marjorie Lane, Sterling Jansen.

On Friday, May 6, campaign managers and candidates will be given an opportunity to speak in assembly. After assembly, all students will proceed to vote for their candidates. The election is in charge of Donald Schoonmaker and Vincent Dunn.

The honor roll for the third quarter is as follows:

Doris Geary, Donald Schoonmaker, Aaron Fisher, Harriet Hertzberg, Eleanor Booth, Shirley Snyder, Ella Ungar, Estelle Glaser, Mildred Cohen, Sylvia Cohen, Ann Davis, Alice Osborne, Carolyn White, Horace Sheldon, Evelyn Newman, Winona Terwilliger, Marjorie Lane, Ruth Foster, Earl Vandemark, Margaret Atkins, Ruth Sondak, Shirley Patraher, Betty Myers, Harold Welgele, Pauline Cox, Ruth Seigel, Ruth Simson, Arthur Lee, Amy Terwilliger, George Schwab, Shining Star, William Horowitz, Lena McCullough, Robert Greene, Raphael Scherr, Doris Bilyou and Hannah Cohen.

As many as a thousand whistling swans and a like number of geese were recently seen at one time in the ponds and marshes of Point Pelee National Park, in southern Ontario.

Horse Sense

Detroit.—"My horse knows a red light when he sees one, but those stop signs don't mean a thing to him," Harry Guss, junk wagon driver charged with pass-

ing a stop sign, explained to Judge Thomas F. Maher. "We've never had a ticket before," Guss added. "Maybe you should teach your horse to read," Judge Maher remarked. "Sentence suspended."

He-man

Raleigh, N. C.—Deputy R. M. Saunders' new car had a dented fender when he parked it on a downtown street. When he returned to his car

read: "Dear friend: You have a mighty pretty car but the dent ruined its looks. I hammered it out with my fist."

Prize Specimens

Chicago.—It took four years of negotiations, but the Chicago Zoological Park is going to get those strange animals known as the obakys. Zoologists say they have the head of a giraffe, the legs of a

zebra, the habits of a goat, and are a holdover from the dinosaur age. Captured in the Ituri forest in Equatorial Africa by members of a plummy tribe, they were said to be the only pair in captivity.

Some Gale

Portland, Ore.—Those who complained of a stinging wind here may have been right. A gust loosened an awning rod which broke a store window and liberated two stands of bees on display.

TEN COMMANDMENTS of SAFE-AND-SAVE DRIVING

TELLS HOW TO AVOID ACCIDENTS LIKE THIS:

1. This driver is about to break COMMANDMENT NO. 1. He ignores this "decoyed" RR Spur.

2. Hidden from his sight behind the building, an engine is approaching the crossing. Looks like it will be a tie.

3. Suddenly he sees the on-rushing engine. Too late to stop, only a split-second left, is there any way out?

4. Yes! He steps on the accelerator. Thanks to Richfield's quick pick-up, he gets out of the way just in time!

REMEMBER THESE SAFETY FACTORS!

There may come a time when you have to think quickly... act quickly... and your car has to respond quickly! There are two ways in which you can protect yourself. First, with brakes that stop quickly—to keep you from getting into a jam. Second, with gasoline that starts quickly—to help you get out of a jam.

Richfield is that kind of gasoline. Its quick pick-up helps you avoid smash-up. So, drive carefully and... switch to richer Richfield! Switch to richer Richlube All-Weather Motor Oil, too. With these partners in power, you—and your family—can feel safer on today's much-traveled highways!

JOHN J. SULLIVAN, DIRECTOR OF PUBLIC SAFETY, NEW YORK WORLD'S FAIR 1939, Inc., SAYS:

"TEN COMMANDMENTS OF SAFE-AND-SAVE DRIVING make a real contribution to safety. No motorist should be without a copy!"

Here are TEN COMMANDMENTS OF SAFE-AND-SAVE DRIVING, endorsed by Director Sullivan and nine other Safety Directors. Get your copy of this book of safe-driving hints, each one personally sponsored by one of the nation's foremost authorities on highway regulations!

Insurance Protects You If You Fail in College

St. Louis, Mo.—Three students of Washington University, who prefer to remain anonymous, have formed an organization in which members, on payment of 25 cents to \$1.00 per week, are insured against failure in any subject. The premium to be paid is an amount equal to the summer school tuition of the subject in which the holder should fail.

Judge Rules Out Baby as Board Bill Security

Warren, N. Y.—An eighteen-month old infant held for more than a month as security against an unpaid board bill was restored to its parents by Wyoming County Judge Ward Hopkins. "Non payment of a board bill does not constitute a proper lien against the body of a child," the judge ruled in granting a writ of habeas corpus to the parents, Mr. and Mrs. William Cole.

School Meeting Held at Shokan

Shokan, May 4.—The annual school meeting of District No. 3, Olive, took place Tuesday evening at the Shokan schoolhouse. The Rev. August Pfau, pastor of the Shokan Reformed Church, presided as chairman of the meeting which was attended by about 50 persons, a majority of whom were qualified voters of the district. The brilliant display of verbal fireworks anticipated by some, failed to explode, though the affair was enlivened by a few splittings.

Following a prayer and the election of a chairman, Trustee Alva Winchell read a letter from the state superintendent of schools, and this was followed by the reading of the annual reports of the trustee and collector, Homer Markle. The balloting for trustee resulted in a remarkable and unusual incident in recent school meeting annals—the employment of two different sets of tellers. The first pair, Clyde Winchell and Herbert Dibel, apparently were not in full view of the entire meeting while they made the tall, and this brought forth an objection upon the part of Mrs. Hattie Wager. The tellers, naturally resenting this criticism, thereupon declined to serve in the balloting for collector, and Charles Giles and Elmer Bodell were finally named to replace them.

Harry Brathwaite and George

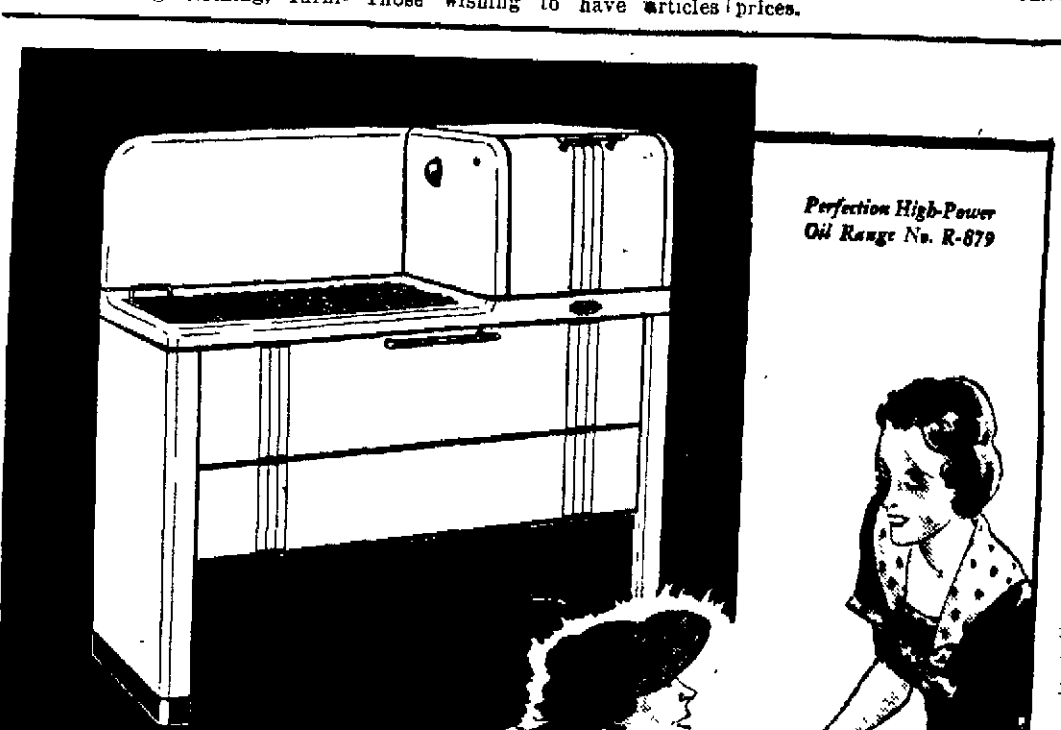

Giles were nominated for trustee and a ballot was taken, resulting in the election of the former by one vote, Homer Markle, Jr., and Frederick Herschenroeder were nominated for collector, and Mr. Markle was re-elected. Mrs. Robinson was unanimously re-elected district clerk. The vote on transportation of high school students was, Yes, 15, No, 2. The report of the collector showed an available balance of \$646.28 in the treasury, as of May 3. The matter of the purchase of an encyclopedia was discussed and Mrs. Grant, of Shokan, given the privileges of the floor for explaining the merits of a set of the books.

The meeting, on the whole, was an interesting and neighborly gathering, though pretty near equally divided into two "camps" on the question of a new trustee. The local school apparently is going along well under the leadership of Mrs. D. C. Burgher, who is serving her seventh year in the position. The schoolhouse is modern in every respect, while the membership, though small in comparison to that of earlier years, is nevertheless a credit to the community.

khockie Congregational Church will conduct a rummage sale, 555 Broadway, above the West Shore Railroad starting Tuesday, May 10, from 9 a. m. to 5 p. m. Persons having clothing, furni-

ture, books, pictures, dishes, or bric-a-brac to contribute, may leave them at this address on Monday, or before this date at the parsonage, 95 Abruyn street. Those wishing to have articles

called for may phone Mrs. Mark Osterhout, telephone 3608-W. This is an opportunity to clean out attics and also to help the church. Articles will be sold at reasonable prices.

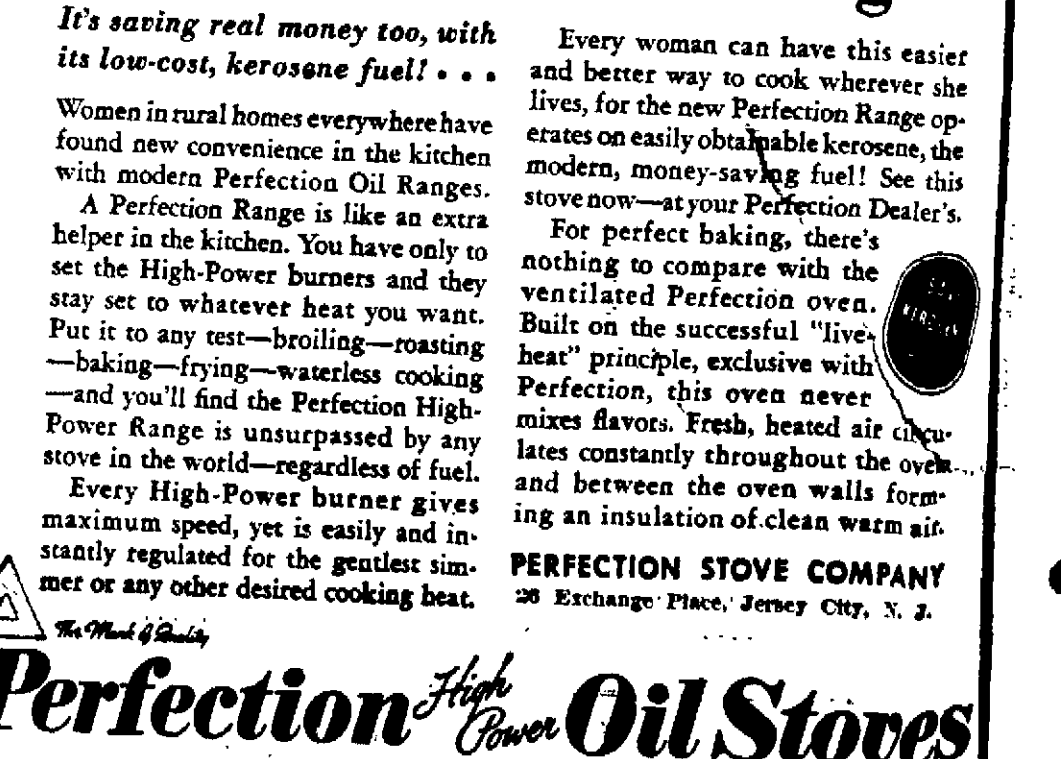

"I don't know how I ever got along without my New Perfection Oil Range!"

Man About Manhattan

By George Tucker

NEW YORK—One day last week, as previously reported, this correspondent had dinner with Dr. Roy Akagi, scholarly Japanese author and lecturer who is counsel in this country to the South Manchuria railway. We talked for hours and most of it dealt with Far East problems, with Japanese expansion, with Russia, China, and world affairs in general.

But in reporting this conversation I omitted one specific story told me by Dr. Akagi, a charming story of ceremony and manners, a way of doing things, it seems to me, that belongs in an opera, and not in a column mixed up with European "isms" and talk of war.

If our conversation hadn't taken place over the dinner plates I am sure this story would never have suggested itself to my companion. But dinner it was, and presently we were admiring the design on the dishes, and that was the way it came about.

FOR it concerns the difference between the western and the Oriental manner of serving a meal. These are charming plates," said Dr. Akagi. "But have you ever noticed that in America are served on dishes that have the same pattern? I mean the plates, the saucers, the cups, the gravy bowl, the vegetable dishes, all are of a uniform pattern. And that is very nice, especially if the pattern is pleasing, as this one assuredly is."

"But in the East, in the Japanese homes, we like to think that a blanket pattern does not always make for the utmost in harmony. So we do it this way."

"We permit the food itself to determine the color and the contours of the dishes."

"AND here is another thing. If you were to walk suddenly into the living room of a Japanese home you would think: 'What a bare, uninteresting room.' And you would be correct, for there would be no decorations, no tapestries, no flowers. But there is a satisfactory reason for this. This room is really a stage. When a Japanese invites you to his home he studies you carefully, he tries to imagine the things you like, the sort of surroundings you prefer to be in. Then he hurries home and dresses the room accordingly."

"If you are a writer, for instance, the room will become cozily arranged with many books and a fireplace and perhaps trinkets that the host knows you admire. If you are a musician, the room takes on the atmosphere of a musical study—a piano, a bust of Mozart, perhaps some manuscripts of Wagner, and, oh, sure, modern American jazz. Modern Tokyo could not get along without American jazz."

ROSENDALE, May 4.—The final meeting of the Rosendale Apple Blossom Festival Committee will be held in the Fireman's Hall on Thursday evening at 7:30 o'clock. At this meeting final details will be worked out for the coming week-end within the township. Committees will be appointed to take charge of the activities on Saturday afternoon and evening. There will be a very important meeting of St. Peter's Men's Club held in St. Peter's hall here on Thursday evening at 8 o'clock. The purpose of this meeting is to make plans for the community breakfast which will be held later the 8 o'clock morning breakfast is being held as a part of the special church service in connection with the Apple Blossom Festival.

We Use Many Unnecessary Things

In the customary way of life man has long been habituated to the routine usage of various substances and materials that are not physiologically necessary to his continued existence. Tea, coffee, alcohol, tobacco, opium and betel nut are statistically among the more conspicuous examples, according to a Johns Hopkins university authority. It is probably safe to say that over 90 per cent of all adult human beings habitually make use of one or more of the component materials included in this group. All of them contain substances of considerable physiological potency.

Dr. Demarest Guest Preacher Sunday At Flatbush Church

At the morning service at 10:45 o'clock on Sunday, the Rev. William H. S. Demarest, D. D., LL. D., of New Brunswick, N. J., will be the guest preacher at the Flatbush Reformed Church.

Dr. Demarest was pastor of the Reformed Church at Walden from 1885 to 1897, and of the Catskill Reformed Church from 1897 to 1901. He was president of Rutgers College from 1906 to 1924, and from 1924 until his retirement in 1935 he was president of the Reformed Church Seminary at New Brunswick, N. J.

Dr. Demarest's father, the Rev. David D. Demarest, D. D., LL. D., was pastor of the Flatbush Reformed Church from 1841 to 1843, and his elder brother, the Rev. James S. N. Demarest, was pastor of the same church from 1876 to 1881.

Dr. Demarest's many friends in this area will be glad to learn of this opportunity to hear and meet him again at the Flatbush Church on Sunday.

Home Institute FORTUNE-TELLING EASY AND FUN; A CLEVER WAY TO AMUSE FRIENDS

What Do the Cards Promise You?

"Is the King of Clubs the man in my life?" asks Kit, all a-twitter over the exciting fortune you're laying out for her.

"Perhaps," you mysteriously reply. Certainly Kit is going to meet an interesting dark-haired man, a wee bit mature and sophisticated.

The Queen of Hearts, Kit's name card, is looking right at him. On her other side is the Ace of Diamonds, which means an engagement ring soon.

The crowd's spellbound. With simple tips and a little practice on yourself, you're a hit.

Confidently you go on, explaining that the Nine of Spades means a trip and—in such a romantic set-up—what could it mean but a wedding trip?

The Five of Hearts promises good news in a letter. The Two of Clubs, a luncheon date. The Six of Diamonds says Kit will find money, the Jack, a gift from a light-haired man.

Some mishap will cause her to shed tears, says the Two of Spades. But maybe the "extra" loan, implied by the Eight of Clubs will cheer her up!

Of course, after your triumph in card fortunes you're going to try the tea leaves!

Leaves to the left of the cup handle speak of the past, those at the right, of the present and future. A fan-shaped group hints a flirtation; a horseshoe, good luck; an acorn near the cup's rim, money!

Anywhere—on a picnic, a date or a party—you can shine by telling fortunes. Our 40-page booklet, LET ME TELL YOUR FORTUNE, gives easy pointers on card fortunes, tea leaves, numbers, handwriting, dreams. Use for more fun this summer!

Get Wise to Constipation!

When you're constipated, it's a great temptation to be satisfied with quick relief. But physics may become a habit. And they don't keep constipation from returning. It's so much better to get at the cause of the trouble.

If you eat what most people do, chances are the only thing the matter is you don't get enough "bulk." And "bulk" doesn't mean how much you eat. It means a kind of food that isn't consumed in the body, but leaves a soft "bulky" mass in the intestines and helps a bowel movement.

What to do? Eat a little Kellogg's All-Bran for breakfast every day and drink plenty of water. This crunchy toasted cereal is not only rich in "bulk," it also contains the natural intestinal tonic, vitamin B₁. All-Bran is made by Kellogg in Battle Creek. Sold by every grocer.

Newman Club Met Tuesday Night

The Newman Club held its regular meeting on Tuesday evening. At this meeting the president announced that the dance committee would meet in high school on Thursday afternoon and make arrangements for the coming dance.

The next meeting of the club will be an open meeting to which all high school students are invited.

It was again decided that the club would go roller skating on Tuesday evening, April 4.

The Communion Breakfast will be held on Sunday, June 19, after attending communion at St. Joseph's Church. A committee consisting of Jane Rafferty, Kathleen Rafferty, Edward Schrowang and Bill Shaker was appointed to complete the plans for the breakfast.

Dancing followed the business meeting.

Istanbul in Three Parts

Istanbul (Constantinople) is divided into three parts, Stamboul and Pera-Galata on the European side, with the Golden Horn between them, and Scutari on the Asiatic side across the Bosphorus. Stamboul is the Turkish city proper, and Pera-Galata, the European quarters. The most celebrated building in Constantinople is the Mosque of Saint Sophia, the greatest Mohammedan church in the world. Erected in the sixth century, it is beautiful despite the ravages of time.

Glee Club Guests
To Be Entertained

While the 250 members of the glee club are rehearsing Friday afternoon for the concert in the evening, the wives and women guests of the men will be entertained at golf, cards and tea at the Twaalfskill club by the wives of the members of the Mendelssohn Club, who are acting as hosts.

Approximately 50 women are expected to attend the afternoon's events at the club house. Among the Kingston women acting as hostesses will be Mrs. N. Levan Haver and Mrs. Everett Schutt, who are chairmen; Mrs. Arthur Colligan, Mrs. Conrad J. Hesselman, Mrs. Harry Halverson, Mrs. Lloyd LeFever, Mrs. Maxwell Taylor, Mrs. Vernon Miller and Mrs. M. Donald Lane.

Following the social afternoon for the women and the strenuous rehearsal for the men, dinner will be served for the entire group at the Y. M. C. A. by the Ladies' Auxiliary. Arranging for the dinner are Lester Elmendorf and Eugene McConnell.

The concert will be given at 8:30 in the municipal auditorium and will have Miss Dorothy Baker and Dr. Charles Gilbert Spross as guest artists. Tickets for the concert may be obtained at the door or at various places throughout the city.

Miss Baker will be entertained this evening at a reception given by Mr. and Mrs. Harold Brigham at their home on Broadway.

World Wide Guild Banquet

The annual banquet of the World Wide Guild of the First Baptist Church will be held at the church Wednesday evening, May 18, at 6 o'clock. A delicious chicken supper will be served and singing, music and toasts will help make a pleasant social evening. The theme of the banquet is "Rural Life in America," and the speaker will be Edmund Bower, Ulster county 4-H agent. Mr. Bower will have an instructive and inspiring message for the young people of the city and towns of the county. The banquet is open to the public and it is hoped that a large number will take advantage of the opportunity to become familiar with the work of the guild and the 4-H clubs of the county. Tickets may be secured from the guild members and from the counselors, Mrs. William Brady and Mrs. Harry Hulsair.

Lloyd-Mowbray

Miss Doris Mowbray, youngest daughter of Mr. and Mrs. James Edward Mowbray, of Schenectady, was married Saturday morning, April 30, to Ivar Pryse Lloyd, son of Mrs. Evan David Lloyd, of Schenectady and the late Mr. Lloyd. The ceremony was performed in the parsonage of the Plattekill Reformed Church, Mt. Marion, by the pastor, Dr. Clayton J. Potter. The parsonage was decorated with bridal wreaths and apple blossoms. The bride's only attendant was Mrs. Robert Archer Keely of Mt. Marion. Groomsmen were Ivar Lloyd of Schenectady and Hartford, Conn., was best man for his brother. After a short trip to New York city, Mr. and Mrs. Lloyd will be at home at 1209 Parkwood Blvd., Schenectady.

Engagement Announced

Mr. and Mrs. Frank J. Hoffman of 32 Foxhall avenue announce the engagement of their daughter, Isabel M. Hoffman to Howard C. Hoefler, son of Mr. and Mrs. George A. Hoefler of New York city. The wedding will take place in the near future.

Surprise Party

Friday evening a surprise birthday party was given in honor of Martin Garber at the home of Miss Peggy Sisti. Those present were the Messrs. Billie Garber, Francis Hainer, Angela Goffredi, and the Messrs. Robert Finney, Robert Supple and Martin Garber.

Mother-Daughter Banquet

Members of the Business Girls' Club of the Y. W. C. A. held their annual Mother-Daughter Banquet last evening in honor of Mother's Day which will be celebrated on Sunday. Covers were laid for 62 with the mothers receiving favors of handkerchiefs and nosegays. The toast to the mothers was given by the president, Miss Ruth Vandenberg and the response was made by Mrs. C. M. Estey. The speaker for the evening was the Rev. Arthur S. Carroll, pastor of the St. James M. E. Church. Miss Dorothy Elston also read an appropriate Mother's Day program and Miss Ruth Bell sang a Mother's Day song. At the conclusion of the program seven members of the club presented the humorous skit, "It's a Woman's Privilege." The cast included Miss Jessie Goodsell, Miss Dorothy Davis, Miss Alma Tyler, Miss Isabel Herdman, Miss Ruth Vandenberg, Miss Ruth Bell, and Miss Frances Robinson. At the meeting next week Miss Ellen Van Slyke will tell of her recent trip to the Dutch East Indies.

Rev. and Mrs. Bellows Honored

A very pleasant surprise was given the Rev. and Mrs. Arnold H. Bellows at their home in West Hurley Tuesday evening by the members and friends of the Olive and Hurley O. S. Baptist Church. Marked Silver Dollar
Comes Back Five Times

Indian River City, Fla. — A marked silver dollar that has returned to the same man five times in the last 45 years will not get the chance to wander into the hands of the public again.

Back in 1892, when Henry Miller was in Tennessee, he engraved his initials on the dollar because he earned it on his first job. He spent the dollar in Bristol, Va.

Nineteen years later Miller was operating a filling station at Indian River City, and again the same dollar came into his possession—that time for payment for gasoline. Later he contributed the dollar to a campaign for funds for the Florida Children's home.

On July 3, 1930, the postmaster of Indian River City, in making change for Miller, gave him the same silver dollar. It went back in circulation again and, finally, on last Christmas eve, the same silver dollar was given to Miller in payment of a debt.

Miller plans to keep the dollar now. He explained he liked to look at it and imagine the places it has been and purposes for which it has been used.

Hope for reclaiming much of the west's alkaline soil was seen by Dr. W. P. Kelley of the University of California after experiments with Bermuda or "devil" grass. He finds that two seasons' growth, plus frequent irrigation, eliminates the alkaline condition.

Under the Salte law in force under the French monarchy, women were barred from succeeding to the throne.

KAISER'S BLESSING FOR GRANDSON AND BRIDE

Exiled ex-Kaiser Wilhelm II (right) is shown as he bestowed his blessing and advice upon the Grand Duchess Kira of Russia and Prince Louis Ferdinand, his grandson, following their marriage in Doorn, the Netherlands. The couple had previously gone through a civil ceremony and the ritual of the bride's orthodox Russian Church a few days before in Potsdam, Germany. This picture was transmitted from London to New York by radio.

NEW PALTZ NEWS

New Paltz, May 5.—The Catholic Daughters of America of St. Augustine's Church of Highland will hold a communion breakfast at the home of Mrs. Nicholas Tortorella on the New Paltz and Highland road Sunday morning following the 8 o'clock Mass. Mrs. Mary Gaffney, grand regent, is in charge.

Mr. and Mrs. Asa Clearwater and Mrs. Clementine Stokes of High Falls visited their sister, Mrs. Mary E. Kuffen, on Sunday afternoon.

Mrs. John E. Merrill of Brooklyn has been visiting her daughter and her husband, the Rev. and Mrs. Alfred H. Coons, at the Methodist parsonage.

Mrs. Russell R. Atkins of Lake Luzerne is spending a few days in town.

New concrete sidewalk is being laid on the south side of Hasbrouck avenue. The road, which is also under construction by the WPA project, has not yet been completed.

The Rev. John W. Follette of New Paltz, who is on a teaching and lecture trip, is now at Alton, Illinois, where he will remain for ten days, then go to Bloomington, Peoria, and then two weeks in Chicago before arriving home. He has also visited Grantville, near St. Louis, where he was guest speaker on the air for the Sunday afternoon broadcast. He also by request read from his book of poems, "Smoking Flax."

At Moltoon Mr. Follette was engaged by the Chamber of Commerce, together with the Municipal Association of the city, for the Holy Week services. Besides teaching and speaking, Mr. Follette has visited historic points, parks, buildings and scenic places on his trip.

Miss Gertrude Simpson, New Paltz High School girl, won in the vocal section of the Southern New York State Music Competition Festival held in Port Chester Saturday. Miss Simpson, accompanied by Mrs. Dora Warner Arns, high school music teacher, New Paltz, sang for her competitive solo, "Homing," by Theresa Del Riego. If she again wins on Saturday in the state finals at Amsterdam, she will go with other winners to the National Competition.

IN COUNTY GRANGES

At Huguenot Meeting.

New Paltz, May 5.—Seventy-four people representing five of Ulster county's 14 granges attended Huguenot Grange meeting in New Paltz Saturday night. The occasion was the seventh of the Ulster county visitation meetings arranged by the Ulster Pomona Lecturer, Miss Dorothy Sims, of New Paltz.

The program under the guidance of the worthy lecturer, Mrs. Robert Service, of Stone Ridge, included, singing by the group, a paper entitled "Cooperation in the Home" was read by Mrs. Eva Sherman. Another original article read by Stanley Rousa, two vocal

petition in Albany on May 27-28. Mr. and Mrs. John Van Nostrand entertained guests on Sunday.

Some of the entries at the Pet and Hobby Show sponsored by the Junior Choir in the Reformed Church parlor last week were: A two-months old toy Pomeranian shown by seven-year-old Ruth Williamson of Gardiner. A 14-pound white angora rabbit, "Pluffy Girl," shown by Mrs. John Chase; a lamb, "Dorothy," belonging to Donna Beatty; two pigs, "New" and "Deal," owned by Irving Millham; a pet alligator which George Smith brought home from Florida, where he spent the winter; a beautiful hand crocheted child's dress exhibited by Betty Bonham, and many more interesting things in the health contest Mrs. Ray Morris and Mrs. Paul Kurtz found. Louis Van Aist and Harold Carroll prize specimens. Each received bronze medals. There was a booth of candied apples, candy popcorn, baked goods, etc. by the 4-H girls.

Mr. and Mrs. Myron J. DePew, former New Paltz people, now of Black River, near Watertown, recently celebrated their golden wedding. Mr. and Mrs. DePew were married in New Paltz, April 12, 1888, by the Rev. A. H. Huizenga, pastor of the Dutch Reformed Church. Mr. DePew was born in Kerhonkson. Mrs. DePew was the former Minnie L. Lowe, her family owned and operated the brickyard in New Paltz. Mr. DePew kept store for a time in New Paltz and later moved to Dutchess, then after a year to Newburgh, where he remained a salesman and has remained in that business ever since and is now with the Endicott Johnson shoe store, commuting to Watertown every day from Black River. Their son LeRoy died in 1930 in Babylon, L. I. Mr. and Mrs. DePew have two grandchildren, Alice and John. The golden wedding dinner was followed by a movie party given by their daughter-in-law.

Bud Fete Publicity

Bert Gildersleeve, manager of Reade's Theatres, this city, is co-operating with the executive committee of the Apple Blossom Festival by carrying a "fete" announcement of the celebration on the screen at the Broadway Theatre at each performance. Mr. Gildersleeve also cooperated with the committee by filling three large vases in the foyer of the Broadway Theatre with apple blossom sprays made by Mrs. Fred Luther, of Down street.

Palen Held on Serious Charge

William Palen, 53, of Napanoch, a former guard at the institution, was arrested Wednesday evening on a statutory charge and held in jail pending questioning and arraignment later before Justice Schoonmaker. It was charged by State Troopers that Palen had molested a young girl yesterday afternoon while she was enroute home from school. The charge made by the parents of the girl after she had told her story was being investigated by Sergeant Hopkins, Trooper Ouhartich, Deputy Sheriff Clayton Vredenburg and Officers Metzger and Reynolds of the B. C. I. It was charged that the 15 year old girl had been molested while on her way home from school and that when she returned to her home crying and told her parents of the alleged experience. State Troopers were notified of the charge and later Palen was brought to the court house for questioning. An examination made by a physician is reported to have indicated a criminal attack.

Palen when questioned by the officers denied any knowledge of the matter.

Women Follow Men in Hunt
The women in the Kalahari desert of the Bechuanaland protectorate, often with babies on their backs, follow the men on the hunt wherever it leads them. And when the game is killed, they all settle down to a feast of raw meat. After a feast of this kind, especially when the moon is full, the Bushmen dance throughout the night. The women paint their bodies and faces with blood in a barbaric pattern, and the men adorn themselves with jackals' tails stuck in their hair, and rattles at their ankles. They dance to the moon, fertility and to the living grass, and imitate the hyena and the eland, mimicking the animals feeding, fighting and gambling. For music they monotonously chant a few weird notes and clap their hands. Sometimes they stomp a single wire stretched from a peg in the ground or strung on a bow.

Gave Chorea Its Name
A medieval mania for religious dancing gave chorea its common name. Once started, says the Washington Post, people found they couldn't stop, made pilgrimages to various shrines, found most relief at that of St. Vitus. Chorea usually strikes boys and girls between five and fifteen, strangely, those of above average intelligence. In severe cases the patient cannot walk, talk, eat, sleep, do anything for himself. His muscles twitch involuntarily, act so wildly the disease sometimes is called "insanity of the muscles."

FOUR PRISON BREAKERS CAUGHT AFTER CHASE

After a long chase during which they kidnapped a motorist and commandeered his car, four Indiana state prison inmates who escaped the "Big House" at Michigan City were apprehended near Champaign, Ill. Slot Machines In Barber Shop

Raymond Cardone of Woodstock pleaded guilty to a charge of possession of two slot machines in his barber shop at Woodstock and was fined \$20 before Justice of the Peace Daniel Lynch of Zena Wednesday. A six months jail sentence was suspended on condition he keep machines out of his place of business. Both machines were destroyed. One was of the auto racing type and one was a horse racing type.

On an inspection tour of the town of Woodstock made in search of slot machines, Sergeant James J. Cunningham, Troopers Keefe, Kelly and Seacrest visited the barber shop. Complaints had been made recently that slot machines were making an appearance in the town but none were found except the two seized in the Woodstock place.

Not long ago it was announced that slot and gambling machines must go in the county. After a warning to dispose of all such machines the Troopers have been making tours about the county checking on places which had machines. In most sections the ma-

chines have been moved out. A complaint was recently made that the machines were again appearing in Woodstock but the officers found only the two Wednesday.

Vaccine Found to Fight Jungle Yellow Fever

New York — The Rockefeller foundation reported that its scientists had developed an effective vaccine for jungle yellow fever, a malady against which weapons used to combat urban yellow fever had failed.

The vaccine—perfected during the last year—not only promises immunity from the disease for the jungle populations of two continents, the foundation said, but also provides an effective safeguard against spread of the fever to civilized regions.

The menace of jungle yellow fever was not realized fully until last year when, according to the report, it was discovered that this type of the disease existed in jungle districts where there were no aedes aegypti, the mosquito which carries urban yellow fever.

Action for Breach Of Contract Here

An action for breach of contract growing out of the sale of real property in Saugerties was on trial this morning before Justice Schirick without a jury. Eva Erceg and her sister-in-law who lives at Saugerties, Route 1, bring an action against George Hauser alleging that they sold their farm to the defendant back in 1935 but that the deal never was concluded.

M. Claude Moseman appears for the plaintiffs and Phillip Slutsky and Harry M. Flemming appear for the defendant.

Mrs. Erceg testified that in 1935 a contract was entered into for the sale of the property and that on January 10, 1936, she went to the office of Clyde P. Gardner at Saugerties and signed a deed. Mrs. Erceg said she was unable to read but had signed the deed with her mark. The contract of sale was admitted in evidence and Mrs. Erceg identified the deed which she said she signed with her mark.

Jurors will return Monday morning at 10 o'clock when the May term will be continued.

Mousseau, Small Art Prize Winners For Festival Group

Woodstock, May 5.—Prize winners were selected this week for the \$50 awards for painting and sculpture in the exhibition of the Woodstock Artists Association on Friday. The painting prize will be given to Roland Mousseau and the sculpt-

ure prize to Hannah Small, both of Woodstock. An honorable mention will be given for the sculpture of Thomas Penning, a Woodstock artist. No admission will be charged for this exhibition, which is part of the Uster County Apple Blossom Festival. The gallery will be open on Friday, Saturday and Sunday of this week from 10 to 12 and 1:30 to 5:30 o'clock. There are approximately half a million persons in the United States suffering from tuberculosis.

WOODSTOCK
Woodstock, May 5.—Mrs. Mildred Kennedy is visiting in Woodstock with her grandmother, Mrs. Charles Stratton. Woodstock Fire Co. No. 1 was called to Krumville for a house fire on Tuesday, and on Wednesday to a forest fire on Ohayo mountain. David Hillson, fire warden, was at the scene of the forest fire.

Program Is Given For Sunday Apple Festival Concert

A program of classical symphonic music will be offered as one of the highlights of the Uster County Apple Blossom Festival by the Albany Concert Orchestra under the direction of Ole Windingsstad at 3:15 o'clock Sunday afternoon in the Kingston municipal auditorium.

The 50-piece group has selected a program which will hold a wide range of interest for music lovers, according to Mrs. Antonio Knauth, chairman of the music committee. The following selections will be heard under the baton of Mr. Windingsstad:

Overture—"Fingal's Cave"
Prelude and Love Death from "Paganini" and "Lolita"
Woodland Sketches—MacDowell
Tone Poem—"Finlandia"
New World Symphony—Dvorak
The festival music committee includes Mrs. W. R. Knuth, Dr. Frederic Holcomb, Mrs. Henry Dunbar, Georges Barre, Paul Zucca, Leslie Herring, Vernon Miller, S. D. Scudder, Jr., N. Le Van Haver, Harold S. Brigham and Harry Elmendorf.

Doctor Finds Something in Cures of Witchcraft

London—Dr. Cecily Williams, one of the younger pioneer women doctors, who nine years ago, went to work on the Gold Coast, once "the white man's grave," and led the attack of science on witch doctors, declares these black mystery men still can give tips to Western medicine.

"Some of their cures are genuine and convincing. They undoubtedly have some effective treatment for tetanus," she says. Dr. Williams describes the witch doctors' methods as "complicated," but adds that they would "repay investigation." Writing in "The Lancet" of the natives, she says: "The African male is much addicted to the habit of sitting in the shade and playing warri, discussing his prowess, or manufacturing political or religious situations. He is content to see his women folk heavily overworked on his farm or to pay wages to an alien laborer. A wife is an investment. One costs about \$30. She works for her husband, cooks his food, cultivates his farm, engages in petty trading, and when there are children she goes home to her mother, who brings them up."

At The Theatres

Broadway: "Test Pilot". Considered by many to be the most brilliant melodrama of the year, "Test Pilot" comes to the Broadway stage in all the excitement which surrounds men whose job it is to flirt with death in order to make the airways safe for passenger and commercial flying. This is the story of a reckless test pilot whose duty consists of testing new safety devices on airplanes and who takes planes to high altitudes to see how much pressure they will stand before the wings rip off. It is a lively, spirited picture, filled with danger, romance and comedy. The dialogue is especially well written and the work of Clark Gable, Spencer Tracy, Myrna Loy and Lionel Barrymore is a joy to see. The sky scenes are done with fascinating perfection and there are many moments of real suspense. Produced by Metro-Goldwyn-Mayer, this film is a stand-out bit of entertainment, recommended to everyone.

Kingston: "Dangerous to Know" and "Everybody's Doing It". Call Patrick, Alvin Tamara, Tony Quinn and Anna May Wong are the principals in the first attraction on the Kingston double feature bill in a pulse quickening story of people who gambled for high stakes with death the outcome of failure. "Everybody's Doing It" has a plot that centers around a puzzle contest with Sally Eilers and Preston Foster in featured roles.

Orpheum: "The Awful Truth". Here is a laugh getting comedy romance that is filled with humorous dialogue and many ridiculous situations. It is the story of a young couple who have difficulty in getting along and how one plays against the sensibilities of the other in interesting entertainment. Two of the screen's most talented comedians, Cary Grant and Irene Dunne, are starred in this attraction.

Broadway: "Same". Kingston: "Fools for Scandal" and "The Farmer Takes a Wife". A sophisticated comedy and a rural love story is the double feature attraction at the Kingston, the first film a rollicking romantic number with Carole Lombard and Fernand Gravet starred, the second with Janet Gaynor and Henry Fonda heading a talented cast of lesser players.

Orpheum: "Outside of Paradise" and "Range Ridin' Rhythm". Singing Phil Regan of the air-

ways is to be seen and heard in the opening offering at the Orpheum, a tuneful story of a young singer striving for success. Benny Singleton is featured. "Range Ridin' Rhythm" is the associate number and this virile tale of the west stars Kermit Maynard.

Far farming now plays an important part in the fur trade of Canada, supplying approximately forty per cent of the total raw fur production of the Dominion.

Hollywood Sights And Sounds

By Robbin Coons

HOLLYWOOD—When a cinema devil is afoot his favorite haunts are rooftops, alleys, and cellars. More art directors are so accustomed to providing a background for villainy that their reaction to a new script is almost instinctive—when evil forces are at work they immediately begin mental designs on one or another setting from their three architectural levels of infamy.

Rooftops are perfect for skull-duggery in many forms, but originally suggest violence, the cops chasing the robbers with bullets singing. Skylights and fire-escapes are useful, too.

Penthouses Are Natural
The rooftop in its glamorous side is more frequently employed than the other. The old reliable penthouse, contributes Art Director Robert M. Haas, is the setting for villainy in full dress.

"The penthouse is where an art director can let himself go," he says. "He picks up his script and sees that the waitress who becomes a big star on Broadway falls for the rich shipping magnate after all. Of course they have a party after the performance. Ah! (the art director says to himself) this party naturally will take place in our penthouse."

Millionaires are murdered, womanhood wronged, and romantic treachery is rife in the good old penthouse. But Haas and his colleague, Carl Jules Weyl, had as much fun with the "20-mile" skyline panorama of New York roofs than they did for "The Amazing Dr. Clitterhouse" as with any single rooftop or penthouse. The roofs, done in perspective, were the "dirtiest and most sinister" on their record, deposes Weyl.

Alleys For Cooking
The alley (this includes also waterfronts and slum streets) is always the place for someone to get cooked on the head. Haas considers especially fine the use of alleys in "The Informer," especially effective with the generous swirling fog that was used.

For a script suggesting the despair of an impoverished woman, or any mysterious dirty work, the wharves of a city are an infallible hunch in art directing circles.

The alleys and wharves represent more brutal violence than the rooftops, but the lowest level of movie infamy in the art director's catalogue is, figuratively as well as architecturally, the cellar.

"Any time the scenario writers gather conspirators into one spot," pointed out Haas, "you can wager that the art directors will locate their gathering place underground—the place to plot murders and treasons."

County Is Put In Class A Rate Fire Insurance

Ulster county fire insurance rates have been placed in the first class instead of the second, according to word received this afternoon by the local insurance agencies.

Under the new rates the cost of fire insurance will be \$1.25 per \$100, as compared with \$1.65 per \$100 under the second class rating.

For some time the insurance agencies of Kingston and Ulster county have been cooperating in an effort to obtain a first class rating for Ulster county. They have been heartily seconded in their efforts by the Ulster County Volunteer Firemen's Association.

Both the insurance men and the firemen have been at work on the proposition for nearly a year.

Hauptmann Child Hurt

New York, May 5 (AP).—Mortimer Hauptmann, 5-year-old son of Bruno Richard Hauptmann, was treated today for a double leg fracture suffered when he was struck by an automobile. The boy, playing on a Bronx street yesterday, darted into the path of a car driven by Frank H. Moser, of Hastings-on-Hudson. His right leg was fractured above and below the knee. Fordham Hospital physicians said, and his cheek and ear were cut. His mother, Mrs. Anna Hauptmann, widow of the man executed for the slaying of the Lindbergh baby, now uses her maiden name—Schoeller.

The birds and animals, as usual, seem to be solving their housing problem without any trouble.

MORGANS TESTIFY AT WHITNEY HEARING

J. P. Morgan (right) is shown with his son, Junius Spencer Morgan, as they arrived at the SEC investigation in New York into the collapse of Richard Whitney's brokerage firm. The elder Morgan testified his firm made a \$500,000 unsecured loan to Richard Whitney, who is now serving a five-year term for grand larceny. He said he had only a slight business acquaintance with Whitney, although the latter's brother, George, is a partner in Morgan's firm.

Third Party, Pump-Priming And Third Term Make Grist For Political Mill

POLITICS MINGLED WITH PAINTS of Antoine Jenisch whose "American Episode" shown in Independent Artists exhibit at New York. Jenisch explains that while FDR gives one of famous fireside chats, his listeners at right include (back row) Lincoln, Washington, Darwin and Columbus—who influenced America in the past; (front row) a man representing Labor, Charles Evans Hughes as Justice, and Henry Ford as Industry. Beneath the scroll with message that "Old and tried laws can't be changed" is a laborer in the field. At left corner is a non-laborer.

LAUNCHING OF THIRD PARTY by Gov. Philip LaFollette, seen at Madison, Wis., with family, marked definite break of the two LaFollettes—Philip and Senator Robert—with the New Deal. Announcing birth of National Progressive Party of America, the governor declared he opposed "ending the American people" called the Republican party "bankrupt," and said Roosevelt leadership was "sabotaged, undermined and hamstrung" by dissension within his own party. In this Philip LaFollette group are Robert, 17, Isabel, 2, on lap of father, Judith, 9, and Mrs. LaFollette.

Newark Gets Idea

Newark, N. J. (A).—The city of Newark is somewhat miffed at New York. The bruised feelings of New Jersey's largest city result from certain advertising pamphlets of the New York World's Fair, 1937, which failed to point out the close geographical relationship between New York and Newark. Didn't point Newark out at all, in fact. After thinking the matter over yesterday, the Newark city commission suggested New Jersey should participate in the big exposition next year—the one in San Francisco.

Two Teachers, One Pupil

Albion, N. Y., May 5 (AP).—Ten-year-old Betty Clark will leave two teachers and a whole school to herself next year. She is the only pupil in Canton District School No. 2 this year. Last night the voters decided to hire a part-time music teacher to assist the regular teacher in her education.

"Exporting Proposition"

For Angeles, Calif. (AP) — How do his partners in three successive frame thefts know where of Price wandered today in his quest to "find" Clinton? Two plainclothesmen, posing as a "couple," made the play of the \$150,000 he was thought to be spending propositioning a "partner" in a few plainclothes in the square frame theft in Van Nuys. "I believe he would be in the area," said a plainclothesman, "due to his long association with the area of England in a 'supernatural' motive, that he should get into the area of Los Angeles, and then the poker game and the motel. He would not have a chance to get into the office of Clinton, and so only one hour away from the home, back to England, Jerry (Clinton) would be in the area."

Kelly's Corner

Watch Simparelli, Says Ben Becker—
Keresman, Bowling Synonymous

By Joe Kelly

Ben Becker and company are synonymous. Where you read about one, you must find the other. He again heads the Kingston A. B. C. Association. With Pete at the helm, the organization cannot help but have a successful season next winter.

Col. Henry P. Edwards, press agent for the American League, sends out the following blurb: "Lou Gehrig has never tasted 'hard liquor'... 'Babe Ruth did, and so what?'... West Coasters believe one of the major league franchises will be transferred to Los Angeles... Bill Terry has been nominated to handle the following team of baseball screwballs: Pitchers Grover Cleveland Alexander, Dizzy Dean, Phil Rizzuto, Van Lingle Mungo, Babe Ruth, catcher, Rolfe Hemsley; first base, Art Shires; second base, Rogers Hornsby; third base, Heinie Zimmerman; shortstop, Rabbit Maranville; left field, Casey Stengel; center field, Hack Wilson; right field, Babe Ruth. Have a good time for yourself, Mr. Terry."

The Pirates think that the Cardinals made the prize boner of their lives in giving up rookie Johnny Rizzo, now going like lightning for the Reds. Up in Beantown they are raising Joe Vismak, Ben Chapman and Roger Cramer the greatest Red Sox outfield since the days of Speaker, Hooper and Lewis. When Freddie Fitzsimmons was removed from the box at the Polo Grounds the other day, he instinctively headed for the Giants dressing room instead of the Dodgers. Everything will be all right in Detroit when Rudy York, Charlie Gehringer and Hank Greenberg start to meet the oncoming. With no opponents in sight, Henry Armstrong, the featherweight champion, soon may vacate the throne. When and if that happens, Sixto Escobar, king of the bantams, will be one of the first to claim it.

Chuck Henke, popular physical director at the Y. M. C. A., is planning a learn to swim campaign. He'll start courses immediately after school closes. For seven days, the "Y" will be open to all children free for the instructions. Every boy should know how to swim. Here's the chance to learn under proper supervision. Director Henke is now busy with life saving courses. He has 40 interested in the project with special classes for juniors and seniors.

Lazzeri Finds Nothing Different in National

LAZZERI: It's All the Same to Him.

Chicago—So far as Tony Lazzeri is concerned it's all baseball, whether as handy man for the Chicago Cubs of the National League or for New York in the American League. "I can't see any difference in the circuits," he said, making a dead-eye shot into the dressing room cuspidor. "It's a little early in the season yet, but so far I can figure it's baseball—wherever you play it."

Lazzeri has been making a pretty snappy record for himself since young Philip K. Wrigley, owner of the Cubs, got him from the Yanks five months ago.

Dean's Arm May Be Downfall Of Cubs in Clash With Giants

By SID FEDER

Associated Press Sports Writer

If you could peek behind the scenes into the homes of Messrs. Sam Breadon and Branch Rickey in St. Louis today, there's a very good chance you might get a look at a choice exhibition of snickering-up-sleeves.

The two of 'em probably are taking a quick look at the St. Louis Cardinals' bank book, then glancing toward Chicago and Phil Wrigley's worried brow. The bank book shows a neat entry of \$185,000. That sum came to the Cards from the Cubs for Dizzy Dean, who, for all his pitching class, was a large order of headache for the Gas House Gang bosses.

Now that priceless piece of pitching bric-a-brac, the Dean right arm, is showing signs of coming apart at the hinges. An X-ray yesterday resulted in the edict that Dizzy will have to take a month off to get it fixed up. With Dean out, the Cub pitching staff doesn't figure to be strong enough to stop Bill Terry's Terrible Giants—not the way they're going now, anyway.

Giants Win 3-2

The Giants won again yesterday, 3 to 2, over the Cincinnati Reds. Old Meat-Ticket Carl Hubbell was in there, and, although given little help by his mates, except for Jimmy Riddle's four hits, King Carl produced as usual. At the same time the Cubs were taking a beating at the hands of the futile Phillies, 6-4, which left the Giants 3½ games out in front, and put the Cubs definitely on the spot for the Wrigley Field invasion of the Terry Terriers next Monday.

Yanks Trim Browns

Another meal ticket also produced back in New York. This one was Old Reliable Bill Dickey, whose two-run eighth-inning homer gave the Yankees a 3-2 decision over the St. Louis Blues (Browns to you), and boosted the world champions into the American League's second place.

Bobby Peller pitched a honey of a ball game for ten innings before giving way to a pinch hitter, but his relief, Bill Zuber, couldn't hold it and the Indians dropped a 10-inning 1-0 duel to Washington's Senators.

Lloyd Waner walloped a homer, two triples and a single and paced the Pittsburgh Pirates to a 9-5 decision over the dropping Dodgers. The Reds and Cardinals went to a 3-all deadlock in a game cut to five innings by rain, after Ducky Medwick belted a homer.

Poof Poffenberger pitched a six-hitter for a 4-1 win by Detroit's Tigers over the Boston Red Sox and Bill Dierich turned in a five-hitter in hurling the White Sox to a 4-1 decision over the Athletics.

"Y" Softball Team Drills Tonight

Walker Matches To Start Today

St. Andrews, Scotland, May 5 (AP)—Great Britain's quest for the Walker Cup starts today and tomorrow when the 24 best amateur golfers in the Isles play four rounds over the Old Course to decide who will meet the U. S. team here June 3-4.

Leonard Crawley, 1931 English amateur champion, Harry Bentley, 1936 English champion and present German amateur titleholder, and Frank Pennink, winner of the English amateur title for the last two years, top the eleven Englishmen on the squad.

Leading the eight Scots is Hector Thomson, 1936 British amateur champion, while John Fitzsimmons, present Irish open champion, heads three Irishmen. Dave Lewis, Welsh amateur champion, and A. A. Dupcan, British army champion, represent Wales.

Newark at Buffalo. Jersey City at Toronto. Baltimore at Rochester. Syracuse at Montreal.

Des Moines, Ia.—Henry Schaff, 149½, Minneapolis, stopped Young Terry, 144, Youngstown, Ohio, (4).

Grand Rapids, Mich.—Tony Petroskey, 146, Muskegon, Mich., outpointed Roma Fernandez, 141, Mexico City, (10).

Capacity Boxing Crowd Is Expected For Card Tonight

Colonials Play Can-Ams Tonight

This evening at 6 o'clock Fred Davi's Kingston Colonial will start the twilight baseball season against the Canadian-Americans at the Athletic Field.

Bill Thomas is Davi's choice to start on the pitching mound, opposing either White Tulacz or Ross Barkwell of Poughkeepsie.

"I think we should go to town this evening," said Davi, recalling that his tossers were on the road to victory last Sunday in Schenectady, but a batch of errors cropped up in the final stages.

"There's no sense in booking weak clubs. I always try to give my boys the tough ones," remarked Davi. "The fans want to see them extended to the limit even at this early stage of the season, and I'm out to please the customers."

One of the bright spots with the Colonials this year is the return to form of Earl "Gobby" Benjamin, ex-Saugerties favorite backstopper. In the game last Sunday, Benjamin was a star, put on defense and also came through with two blazing bingles.

With Benjamin taking care of Olg Joe Brown, Charlie Buck and Bill Thomas, Manager Davi is assured of a competent battery. Except for a few misuses, the Colonial inner defense sparkled last Sunday with Joyce, Burgevin, Turk and Husta turning in some enviable stops and tosses.

In the first two frames, Joe Brown was helped out of trouble by a pair of double plays. Charlie Lay, Tommy Malnes and Mac Flano of the gardeners played road ball besides helping out with the stick.

As for the Canadian-American representatives, Manager York, former major league star, has Whitey Tulacz, Linie Downer, Cornell all-around man, Ross Barkwell and Joe Gunn to provide the fireworks.

The Colonials will line-up as follows: Infield—Joyce, Burgevin, Turk and Husta; outfield—Malnes, Lay and Mac Flano; catching, Benjamin and pitching, Bill Thomas.

Softball League Bars New Rules

Bunting and base stealing were taboos at the meeting of the City Softball League last night when the managers voted to repeal the recent decision to live up to the code of the game as prescribed by the national body.

"Local managers seem to think the new rules for bunting and base stealing make the game too fast and complicated for the average players at Kingston," said Lutz, director of recreation and youth.

Lutz set as the deadline for team managers. The league is to open next Monday at which time the Open Division will go into action. The Industrial coaches will set under way Tuesday.

Kinneys Have Two Practice Games

The Kinney softball team has two practice games scheduled for this week.

The first game will be played at Barnum Park against the local team, the Block Park team, at 7:30 p. m. on Monday.

The second game will be played at the same place on Tuesday at 7:30 p. m. against the team of the Kinney team, C. Costello, J. Costello, Plough, Plough, Conner, Geller, Schmitt, DeLoe, Kev, Sprich, Colvin, Smade, Brooks, Sprich, Henrich, Balle, Newell and Roe.

Uniforms have been ordered, and are expected to be ready for the opening of the league.

WRESTLING LAST NIGHT

(By The Associated Press.) Back to N. Y.—Vic Chasny, California, defeated Lash Insack, Omaha, Neb., two of three falls (heavyweight).

Holmes, Ma.—Han Stenka, 260, Germany, threw Petro Golbo, 220, Italy, two straight falls (middleweight).

Boxing fans from all along the Hudson valley are expected to jam the municipal auditorium tonight for the card of scraps, featuring New York champions against the best in New England.

A bill of scraps that should give plenty of action from 9 o'clock until the last gong sounds has enthusiasts of Astoria talking with great favor, among a capacity house another crowd something like that which turned out for last year's carnival of champions.

Topping the program is a "double main go" featuring Buddy Lewis, cousin of John Henry Lewis, pro light-heavy champion, and a crown bearer in his own right against Hugh Connery, New England champion, and another New Englander, and a New York contender between Ben and Creamer, New York light-weight Golden Gloves titlist, and Bob Chippin, another New England star.

"In arranging this card," said Samuel J. Riber, of the Kingston Club, "we tried to leave nothing to be desired and indications are that all of the scraps will turn out to the satisfaction of the patrons."

The full list of bouts is as follows: Bradley Lewis, national middleweight champion, New York, vs. Hugh Connery, New England, title holder.

Richard Greiner, New York metropolitan Golden Gloves champion, vs. Babe Chippin, New England, who holds three decisions over Eddie Ford, national champion.

Ladde Jones, New York, who defeated Red Van Alstyne, vs. Billy White, Salem, Mass.

Vince Samuels, Albany, U. S. Army champion at Hawaii last year, vs. Jimmy West, New York star.

Prelims.

Charles Raskins, Saugerties, vs. Al Furlitt, Albany. Frankie Alldright, Kingston, vs. Johnny Pamphill, Highland. Monk Armstrong, Kingston, vs. Jimmy Thomas of Albany.

FIGHTS LAST NIGHT (By The Associated Press.) New York, Nat. Light, 122, New York, outpointed Rantanen, weight champion Sven Leshnar, 122, Puerto Rico, (10), non-title.

Berardi Pleased With Jones Nine

Manager John Berardi of the Jones Dairy team, entered in the City League, reported a good workout held by his nine, Wednesday evening on the Athletic Field. "I was well pleased with the way the Dairymen showed up," said Berardi, and Captain Zadany nodded approvingly too.

Two changes were noted, Lou Berardi was at second base, and Andy Culch at third, last evening. Shifting these players around is expected to give the infield better balance.

"These boys seem to be hitting better this summer, too," opined Berardi. "We should give Charlie Grunwald's Home Leaders something to think about in that City League opener, Tuesday, May 10."

Home Leaders to Practice Friday

The Grunwald Home Leaders will practice Friday evening at the Athletic Field, this date being the second last workout before the Bakers go into combat with Jones Dairy in the City League opener, Tuesday, May 10.

"I want all the Grunies out for this drill," said Manager Charlie Diers, who hopes to see his tossers shellack the Milkmen in the inaugural of the city loop.

HELD AFTER GUN BATTLE ON FARM

pointing that the sale of tickets alone represents one of the outstanding features of the Apple Blossom Festival.

"I've found it a 24 hour-a-day job for the last 10 days, just to keep my committee members supplied with tickets," Mr. Garraghan said, "and I think at last I've had enough pointed. I say this with my fingers crossed, though. But I do know this, the popularity of Miss Ball is astounding all over the county. I know many people who were disappointed because they didn't go to New Paltz for the queen's coronation."

watch them do it, in more than one way. I know Miss Ball will set one of the grandest occasions anybody ever got in Kingston."

Top-Flight Orchestra
"The success of the Coronation Ball is equalled," this reporter was told, because of the top-notch dance band engaged for the evening. Herb Gordon, one of New York's best, appeared for many years on the Lucky Strike band.

"Everybody knows his orchestra and their music, if they don't know Gordon," Mr. Garraghan said. "I've watched them in rehearsal several times and I've seen them play in New York for specialty numbers. I know they'll give the entertainers and the audience just the music they'll need. And to listen to them—well, it's the easiest thing in the world."

As in an Orchard
Decorations in keeping with the occasion will transform the anti-

chapel into a veritable springtime bower, the committee promises, and the evening will seem like one held outside under the stars.

"We realize," Mr. Garraghan said, "that we'll have many critical people in attendance not only from our own section, but from distant points as well. The local people will expect a great deal from us, because they know what beautiful decorations have been in the auditorium in the past at the various church, halls, Our aim, and I know we'll make it, will be to make the visitors feel that we've something to offer them. We want to give them the same feeling of informality along with it, the same dignity and space, that characterized Mrs. Theodor Oxholm's party at New Paltz last week."

Nothing Formal or Fancy
"And please tell everybody," went on Mr. Garraghan, "that this is everybody's party. No formal or fancy dress. And every real profit will go to the Lutheran's general committee to pay the expenses of the coronation."

They'll Talk It Over
Springfield, Vt., May 5 (AP)—The Rev. Lawrence Lattimore's recent Sunday fishing trip threatened today to become the center of a roiling controversy over ministerial conduct. Methodist Church trustees will meet Sunday to discuss whether it is unchristian to hunt fish on Sunday; whether Mr. Lattimore was guilty of negligence in leaving his church and engaging a supply pastor while he went fishing; and what the board should do about it. Mr. Lattimore explained he engaged the supply pastor, caught eight fish—Sunday was the opening day of the trout season—and attended services in another church.

Blossom Festival In High Falls

High Falls is participating in the Apple Blossom Festival activities, sponsoring a Blossom Festival on Friday, May 6. The festival will be held at Fire Hall in the village, the hall having been converted into a veritable garden with its Japanese lanterns, window boxes and a miniature apple orchard at one end surrounded by a white picket fence.

As for entertainment most of the numbers are being held at a closely guarded secret by the committee in charge but the committee promises many interesting things. In fact the party is in the nature of a surprise party.

Carrying out the garden party scene, pretty girls of the village attired in garden frocks will pass through the audience, selling bouquets of old fashioned flowers. One of the attractions will be an up-to-date orchestra attired in farm clothes playing the latest tunes.

Near the miniature apple orchard will be the Gypsy booth of "Madam Zara" who will read the past, present and future of those who desire this service. Your palm, cards or tea leaves will suffice. There will also be a cider bar where after the Shaw or Big Apple, frosted cider from Clister county orchards, candied apples, hot dogs, homemade cake and ice cream will be on sale. These activities will take place in the evening.

In the afternoon the public is invited to visit the unique, historical picture gallery of old High Falls. This will include pictures of the days when the old D. & H. canal flourished. There will be shown prints of scenes taken many years ago. Madam Zara will also be at the hall in the afternoon to tell fortunes and to assist welcoming visitors. Tea and cake will be served in the afternoon.

Some of the world's most distinguished women will be brought to the 1937 World's Fair of the West by the Exposition Women's Board.

Republican Rift More Acute Today

(Continued from Page One)

ties would "resolve" itself into the worst topsy-turvydom imaginable," and that "the swash-buckling loading of money to any public corporation for the building of 'sunshine' settlements would eventually bankrupt every municipality."

The attack, members of the "aggressive" bloc said, does not mean that Republicans will oppose all amendments designed to clear the way for low-cost housing and slum clearance projects. They will ultimately approve some form of amendment of their own.

Blackley Sponsor
Blackley, while regarded as a liberal among Republicans, is sponsor of an amendment already before the convention to rewrite the constitution preamble as a "protest" against federal encroachment of state rights. This is expected to be one of the first amendments to be considered and finally adopted. Republicans control the convention, 92 to 76.

The former jurist, a possible candidate for the 1938 gubernatorial nomination, led a fight last week which resulted in the convention voting for a temporary three-day working week despite President Crane's ruling for a four-day plan.

As a result, the fourth day was designated as a so-called "legislative" day at which the only business will be introduction of measures. Today marked the first of these.

Prepares for Hearings
Meantime, as delegates returned home for the week-end, Republican Chairman Edward F. Corsi of the social welfare committee prepared for a public hearing on a series of proposals designed to write into the constitution the State's policy on all social problems.

He considered, especially, a suggestion of some state welfare officials that the legislature adopt a single constitutional amendment giving the legislature broad power to act in all social problems such as housing, slum clearance, pensions and medical care instead of clauses dealing with each individually.
